

Declan O'Duinne

Book 6, The Saga of Roland Inness

With King Richard making war on the French and Prince Llywelyn consolidating power in Wales, peace prevails across England and the Welsh Marches. But bloody strife rages in the north of Ireland, drawing Declan O'Duinne back to his homeland. He's been ten years gone, but some things never change. The Anglo-Normans relentlessly expand their Irish domains while the Irish kings fight amongst themselves. Can Declan and his fellow knight, Roland Inness, help save what's left of free Ireland?
