Gr. Omaha Chapter #116 Construction Industry Programs

Through out the year NAWIC Education Foundation promotes the Construction Industry through educational events. One of which is the Block Kids Contest, this event is designed to familiarize children with the construction process in a positive manner. Our goal is to make Elementary School children aware of the Construction Industry by providing them with a chance to use their Imagination, creativity, and knowledge to build something today and possibly something for the future.

The contest is free to all participants and all participants receive prizes. The top four "Builders" receive prizes of a approximately \$50.00.

The contest is being held Saturday, January 27th, 2018 at Metropolitan Community College — South Campus (South 27th Street & Q Street Omaha, NE 68107) starting at 10:00 a.m.
