

CARMEL UNITED SOCCER CLUB TRAVEL TRYOUTS

Thank you for attending Carmel United's travel tryouts! Travel soccer is a competitive environment. As such, our goal is to form the most competitive teams possible while also keeping a positive team dynamic. We hope your child does well and has a great experience!

So what happens next?

- Players will be evaluated and given a rating to determine ability and readiness for Travel soccer. Additional factors such as commitment, personality fit, etc. may be considered in making decisions.
- Evaluations will be compiled and recommendations will be submitted to the head coach of the team for review based on the recommended roster size.
- The team's head coach reviews the results and recommendations taking into account the evaluations of all players, along with his/her knowledge of and history with existing players.
- If appropriate, the team's head coach may propose changes to the Club and provide justification for those changes to be reviewed and discussed.
- Roster decisions are finalized.
- Communications will be sent to those players who were selected for the team within 1 week after the second tryout date.
- Separate communications will be sent to those players who were put on the "wait list".
- Players accepted on a team must register within 72 hours of notification or they risk forfeiting their roster spot.
- If offers are declined, an offer will be made to the next player on the wait list.

GOOD LUCK!!!
