HOW IT WORKS:

- We host a barrel sample tasting at your home where we will not only taste three fine samples, but also discuss the origins elements and unique history of bourbon over Knob Creek single barrel cocktails and three other bourbons (all glassware included);
- You will taste three samples and then select their favorite to be designated as your *SELECT* Barrel;
- The selected barrel(s) are then removed from availability in Kentucky and then custom bottled; and
- The completed bottles are delivered to a local PLCB store where we will pick them up and deliver them to you. (Every barrel yields 150-156 bottles)

We look forward to sharing this Bourbon experience with you!
