There are lots of reasons to end the British monarchy. King Charles III is the best.

Sept. 9, 2022, 6:55 PM EDT
By Ahmed Twajj

The same statement from Buckingham Palace announcing the death of Queen Elizabeth II on Thursday declared that her son Charles had succeeded her as king. And just like that, this unselected man became the head of state for millions around the world. The former Prince of Wales, whose life has been riddled with controversy, is now the strongest argument for ending the archaic institution of the monarchy.

He now assumes not only the throne but becomes the head of the Church of England - another inherited role that should be discontinued.

The queen's demise ended a reign spanning seven decades and the terms of 14 U.S. presidents and 15 British prime ministers. She was heir to, and in turn passes on, a chain of rule defined by the brutality of the British Empire as it conquered and exploited people around the world. As a British-born Iraqi who grew up in London, it still pains me to visit the British Museum and see what was plundered from the nation during a ferocious colonial rule.

Charles, too, has benefited from this self interested and abusive conduct, and some of the most odious royal traditions continue under him. For starters, in a country suffering from worsening inflation, a collapsing health service and rising poverty, King Charles III and his family will still enjoy an annual payment from the British government known as the "Sovereign Grant."

The grant cost British taxpayers £86.3 million (\$100.12 million) in 2021 and was further increased by £27.3 million (\$31.67 million) over

King Charles III was proclaimed as King of England at 9 am on September 10, 2022 at St James's Palace in London. Reuters

King Charles III was formally proclaimed as the sovereign of the United Kingdom Saturday morning — a momentous event that encouraged the public reunion of his feuding royal sons and daughters-in-law.

London – King Charles III and his wife, Queen Camilla, were both formally crowned Saturday in a historic ceremony at London's Westminster Abbey before appearing on the balcony for a flyover.

The coronation ceremony, steeped in centuries of tradition but with a few small tweaks for the modern age, played out in front of about 2,000 invited guests and a global audience of millions watching on TV or livestream.

Though Charles officially became king following the death of his mother, Queen Elizabeth II, on Sept. 8, 2022, today's coronation ceremony consecrated and celebrated his ascent to the throne.

Follow along below for the latest updates as the ceremony unfolded:

The British and the America TVs, Newspapers, and Radio, and internet, and governments are all under the TV leadership. In the year 2019 the British tear themselves from out of the European Union and that took about two years to do. In every college, the knowledge is, for a break from the European Union should not take less than ten years to happen, as so many different countries interests is involved. In America the TVs put Donald Trump to be the President. Donald Trump shuts down the federal government for more than one month from 2018 to 2019 during the Christmas holidays and after. During this time many federal workers had to beg for food and money. In the British area, Queen Elizabeth II have newly elected Boris Johnson, the prime minister shut down the government August 2019 for two weeks to stop those opposing the exit from the European Union. The British government shutdown was on the orders of Donald Trump for the British to make a clean quick break from the European Union no matter how it looks, no matter the disruption, no matter if it is a right or a wrong thing to do.

The reason for the British exit from the European Union is that the British wanted to join Donald Trump and become one America. This means that both America and British will join as one under Donald Trump then the British will weasel themselves in and become the dominant and put themselves as the leaders of America again. In the meantime, the state of Florida was bringing into the Earth many from far removed from the Earth areas and putting them in the American areas, so when Donald Trump wins again there will be many they can connect the computers and connect to the British and America, so they become the new governments and politicians. The British politicians put away Queen Elizabeth II, as she had done similar activities in the long past, and she cannot do it at any time again, and she did s hut down th e government. Then the British politicians relaced Queen Elizabeth with prince Charles, and they gave him the title of King under the quiet. Donald Trump calls his effigy, god the father. Queen elizabeth is the same barak Obama, Jesus. The holy spirit is the many American governors, mayors, politicians, presidents, them wives and husbands, and also the many other leeders in the other countries.

On June 1, 2020, Donald Trump with a bible in his hand stood in front of the St. John's Episcopal church in Washington DC area proclaiming he is god the father and many didn't know that was what he was doing. Queen Elizabeth is the same as the many wicked British kings of the past, and she and trump wrote the devel bible book and the many other devel books they have as holy books including the muslim Quran, the Jewish Mishna, Talmud, and Torah. The British changed the Torah information and what is there is all twisted and wrong. The Confucian Lunyu, Bhagavad Gita, and the **the Buddhist Tripitaka** devel books these leaders of today also make. A screenshot of a Wikipedia article titled "Donald Trump photo op at St. John's Church". The article text describes the event on June 1, 2020, where President Donald Trump and senior administration officials walked from the White House to St. John's Episcopal Church. It mentions that Trump held up a Bible and posed for a photo op in front of Ashburton House, which had been damaged by a fire during protests the night before. The article also discusses the clearing of demonstrators from Lafayette Square, the First Amendment right to freedom of assembly, and the speech in which he urged the government of U.S. states to quell violent protests by using the National Guard to "dominate the streets," or he would otherwise "deploy the United States military and quickly solve the problem." It further notes that former military leaders, current religious leaders, and elected officials from both major political parties condemned Trump for the event, though some of Trump's fellow Republicans defended the actions. The event was described by The New York Times as "a burst of violence unlike any seen in the shadow of the White House in generations" and possibly one of the defining moments of the Trump presidency. Club libertas groups filed a federal lawsuit against Trump, U.S. Attorney General William Barr, and other federal officials, alleging they violated protesters' constitutional rights. General Mark A. Milley, Chairman of the Joint Chiefs of Staff, later apologized for his role in the photo op. A June 2021 Interior Department Inspector General review of U.S. Park Police actions found that Park Police cleared Lafayette Square as part of a plan to erect fencing. The Park Police incident commander was reportedly stunned when Barr informed him of Trump's impending visit. That report also confirmed the use of tear gas by D.C. Metropolitan Police, revealed Park Police did not request deployment of Bureau of Prisons to the park, and reported that it was not known why U.S. Secret Service had deployed ahead of schedule, advancing on protesters before the Park Police had a chance to warn protesters to disperse. The report also indicated that Park Police commanders could not identify who gave the order to deploy. The article includes a "Background" section mentioning the murder of George Floyd by police officer Derek Chauvin on May 25, 2020, and the "Law and order" theme popularized in the late 1960s by George Wallace, Richard Nixon and then-Governor of Alabama. The article is part of a series about Donald Trump, with links to his business and personal life, his role as the 45th President of the United States, his tenure, and his political career. The screenshot also shows the Wikipedia search bar, navigation tabs, and a sidebar with a table of contents.

Trump Sets Record With Longest Government Shutdown Ever

The president's demand for a border wall has kept much of the government closed for more than three weeks, leaving some 800,000 workers without pay.

*The partial **government shutdown** has now gone on for 22 days, making it the longest such closure in U.S. history. Many of the affected federal employees had missed at least one paycheck as of Saturday, when the shutdown hit record length. The financial stress is leading some workers to look for other jobs, ask relatives for money, **apply for unemployment** or even go **without essentials like medication**. Meanwhile, other Americans are facing a host of inconveniences and hardships, from **shuttered museums** to **delayed farm loans**.*

The screenshot shows two browser windows. The top window displays a New York Times article titled "Trump Suggests Government Shutdowns Could Last for 'Months or Even Years'" by Sheryl Gay Stolberg and Michael Tackett, dated Jan. 4, 2019. The article reports that President Trump threatened to keep the federal government partly closed for "months or even years" if he did not get \$5.6 billion for his wall at the southern border. It also mentions that Mr. Trump and Democratic leaders emerged from a two-hour meeting in the White House Situation Room without a deal to reopen government agencies that have already been shuttered for two weeks.

The bottom window shows the Wikipedia page for "2018–2019 United States federal government shutdown". The article text states: "The United States federal government shut down from midnight EST on December 22, 2018, until January 25, 2019 (35 days) was the longest government shutdown in history... and the second and final federal government shutdown involving furloughs during the presidency of Donald Trump." It also notes that the shutdown stemmed from an impasse over Trump's demand for \$5.7 billion in federal funds for a U.S.-Mexico border wall.

The word Criteria is never to ever be use as, the devels take Criteria and use as devel WRONGS. The colleges and many books have the word using and that is WRONGS OF WRONGS. The colleges are also forcing the learners to use the word criteria in their writing and those colleges are in the WRANGA Bangara and curses are on them and on them giving the word to use, and this is effective since the Earth Open.

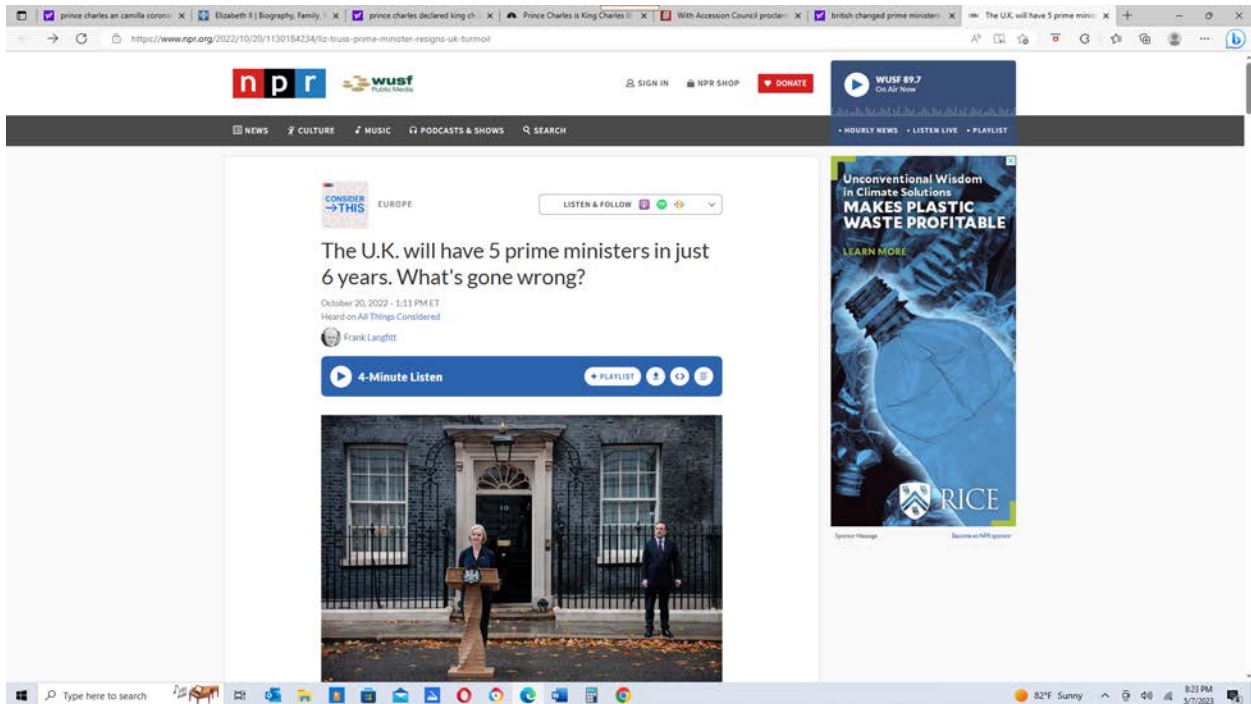

Every primary school or junior high school must have connecting schools their learners must continue, in every Area any Whey. Secondary schools and High schools must have connecting Colleges where their learners must continue their development anytime they want, in any Area any Whey. If a learner move to another Area, the school is to give the learner the colleges in the Area they can be a learner in. Every learner must be able to earn no lower than twelve Associate Degree from each of type anytime they want. Some of the type in some Colleges is AA Degree, AS Degree, AAS Degree, BA degree, BS, BSC, Degree and other ways. Two Associate Degree is equal to one Bachelor Degree at any School and College. Every school and college certificate and Degree must is transfer to other same or higher schools or higher colleges any time every Whey, and this is effective since the Earth Open.

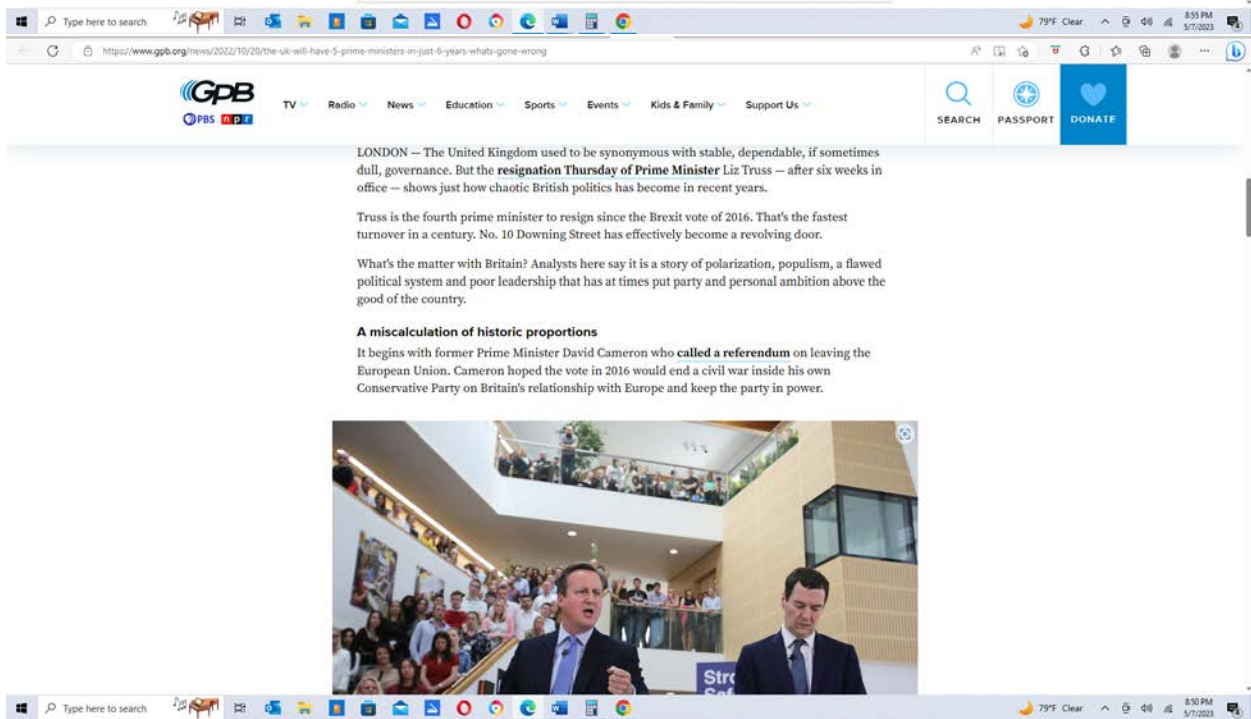

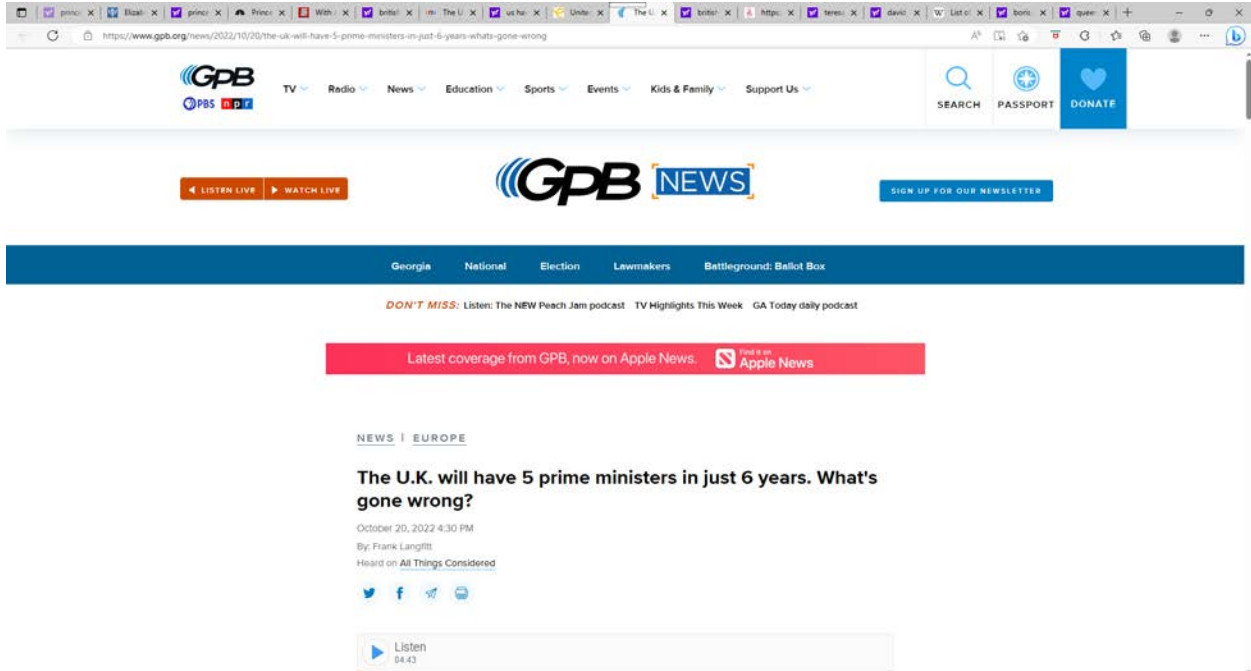

Every learner who Grad from a Primary school, Secondary school, Junior High school, or High School must get a Certificate with all the classes they took while at school. In any school or college, a Passing Grade is equal to "A" Grade. Secondary Schools, High Schools, and Colleges must have night schools for those who want to grad with a certificate or a degree. No learner can ever get a grade of 0 an not a grade of fail, no matter what. A school or a college cannot ever suspend a learner an can never ever withdraw a learner, no matter what. If this ever happen, it is a ISSUE that means is Sue, that means you is sue, and that means you must pay the learner for that dis straaaaw, an the learner must tell you how much you must to pay. At anytime the learner feel that the learner wants more money for the dis straaaaw the learner can come back, and you must give the learner what they ask for without a Barrister helping, and this is effective since the Earth Open.

No college an no school is to be connect to the Grad official transcript and where the official transcript is sent. No college and no school gumbusers/workers can do any type of work in the transcript organizations at no time. No one from the college or schools or the transcript organizations must never ever intermingle; none must ever work in the other organization. No Words of Wrongs must ever is put on the Learner transcript an never on the degree an never on the certificate. Every school, college, and work training must give a grade, and the grade is to be transfer to other school and colleges. Every school and colleges must have their right name on the unofficial and official transcript all the time. If this is not done, the college and the school must pay the learners for the wrong info, and each learner must get no less than twenty five thousand dollars for this wrong. If there is any issue with the unofficial transcript because the info is wrong each learner must get no less than Thirty Thousand dollars for this wrong, and the school or college must pay them without any barrister called. No learner must ever pay for school and college books. The school and colleges must give the learners the books to use, and this is effective since the Earth Open.

If a Masters degree requires writing of a thesis, it is not a master's degree, it is a PhD. Only a PhD requires writing a paper at the En of the course, and each college must give the Ph.D. Degree to the learners, as that was a verry verry verry verry wrong thing to do. Writing courses to help the learners develop for PhD degree is toward the full PhD degree grade, and there is no Ph.D. degree without the writing of the En paper. During the PhD develop, the learners are developing their writing skills, and they is not expert in writing, and the teachers must never expect them to write like a Ph.D. Grad or like a Writer. Some schools and colleges have on the job training toward the end of the certificate or degree. A learner can choose to either do a six weeks course that is similar to a six-week Gumbus training or they can choose to go on the job training. Every school and colleges must have more than one way that a learner can choose to do the practice, and this is effective since the Earth Open.

No School and No colleges must never ever charge the learners any fees, and this is effective since the Earth Open.
