## Program: **Georgian "Lovebirds"**

Produced by Federal Glass Company 1931-36

Presented by Keely Stockman

Keely Stockman put together a very lovely presentation on Georgian "Lovebirds" and including a fact filled sheet about Federal Glass and the Lovebirds pattern (see attached sheets). Keely began collecting Georgian with the help of her Grandmother and enjoyed searching for new pieces with her Mom. Keely's cousin inherited her Grandmother's Patrician collection. Federal's Patrician pattern has a similar center design to Georgian and was produced until 1937.

Kelly is still looking for the platter, tall iced tea tumbler, 4-inch sugar lid, hotplate in green, and the complete cold cuts server, just in case you see anything on your quests for depression glass.
