CYO ELIGIBILITY

The participants must live within the parish boundaries (American Martyrs zone) for automatic eligibility. If the participant doesn't live within the boundaries, but they attend the American Martyrs Religious Education program and the family is registered with American Martyrs Parish, they are still eligible to be a Parish Player. We welcome participants from other parishes; however participation is dependent upon approval from the parish that you are zoned for. Additional paperwork required. Open to all persons regardless of religious affiliation. Competition is between parish sponsored teams, and is regulated by established age divisions. When space is limited, preference may be given to parish members.

For a comprehensive explanation, refer to the CYO Rules & Regulations:
