## COVID-19 SAFETY RESPONSE AND PROCEDURES

On April 6th, 2020 - the Governor mandated closer for non-essential businesses went into affect.

Per the order from the Governor: "The order does not prohibit Missourians from engaging in outdoor recreation, provided that necessary precautions are taken and maintained to reduce the transmission of COVID-19, including observing the social gathering and social distancing requirements set forth in the order". That is no gathering of 10 or more people and 6 ft. distance from one another.

BootHill Safety requirements:

- The clubhouse is basically closed.
- No Lunch will be served, no donuts in the morning, no coffee.
- Bathrooms are open
- No groups in the clubhouse or on the patio hanging out.
- When your squad arrives, call or text Dave Langvardt at 660-247-1211.
- When you are ready to settle up. Checks are preferred but cash still works – No Credit Cards.
- If you can't find a squad, let us know you are here and we can try to place you.
- USE COMMON SENSE | BE RESPECTFUL | If you don't know – ASK.

The order is in place till at least Friday April 24th and this will be the procedure till that time or till the order is rescinded.

We will send along with you a Lysol saturated cloth that you can use to wipe down the remotes, clipboards, or whatever you come in contact with. Please do not bring a spray bottle and spray the remotes.

If all goes well and the Governor does not extend his order this will mean only 2 weekends with these restrictions. Let's hope it works.

Randy's plan is to stay open as long as we comply with the above. So, let's do our best. But, if it is not working out he will be forced to close.

Thank you for your patience and compliance during this unprecedented time.

The Management
