COVID-19 Update

Good Morning Midway Nursing Home Residents & Loved Ones –

This is your weekly COVID-19 information update. There have been no new COVID-19 cases for residents or staff. One unit remains on precautionary quarantine through 10/19/20.

In person visitation remains on “pause” through this date but window visits will continue, weather permitting. Residents on isolation for any reason and those on quarantine are not permitted visitors per NYSDOH guidance.

Anyone visiting on or after 10/20/20 will be required to present negative COVID-19 results from a test that was conducted in the 7 day period prior to the visit. Please plan accordingly. When visits resume, they need to be scheduled in advance and are limited to 2 persons. If weather permits, visitation will be outdoors. Visits are scheduled by day according to the floor the resident resides as follows:

Monday – 4<sup>th</sup> floor; Tuesday – 5<sup>th</sup> floor; Wednesday - 6<sup>th</sup> floor; Thursday – 3<sup>rd</sup> floor & Friday – 2<sup>nd</sup> floor. There is no weekend visitation at this time.

Please arrive 15 minutes in advance of your scheduled time to allow for the required COVID screening process. While on facility property, a face mask must be worn at all times. Social distance of at least 6 feet must be maintained at all times and no one under the age of 18 is permitted to visit per NYSDOH guidance.

All medical appointments outside the facility except dialysis or other medically emergent visits continue to be curtailed as well as out on pass.

Virtual visits remain available daily. Please contact Social Work or Recreation to arrange this.

Visitation information and daily COVID-19 related information such as this notice are posted daily on our website [www.MidwayNursingHome.com](http://www.MidwayNursingHome.com) under the “COVID updates” tab.

COVID-19 has not gone away. In fact, some nearby communities have seen a surge in COVID cases Flu season is here as well and flu vaccine is available now. Speak to your health care provider or pharmacist about getting vaccinated. Please continue to take care of yourselves.

We look forward to seeing you soon!
