

PLANET X

POSSIBLE NIBIRU CONFIGURATIONS

The purpose of the illustration is to ascertain the hypothetical planetary trajectory of the PLANET X phenomena through 2015-16. For those that follow astronomy, the Sun travels the Ecliptic and on every September, it traverses through the constellation Virgo. The Moon likewise travels throughout the Ecliptic as to the planets. Around every *Rosh HaShana* or Fall, there is a close configuration of the BOOK OF REVELATION 12 imagery; of the Sun in the Virgo's Head and the Moon in the Feet area. The conjecture is that possibly, Nemesis that includes Planet X (Nibiru) - the Death Star, the Red Dragon will be coming from Leo and will position itself in the constellation HYDRA (Dragon) apposing Virgo sometime in 2015-16 as the REVELATION 12 depiction. Another speculative configuration would be that the Twin Sun is coming up and behind the Sun to traverse Ophiuchus to be at the 'feet' of Virgo. Why Planet X is associated with Revelation 12 is that the description of the celestial body exactly matches the depiction of the fiery Red Dragon with 7 heads that seeks to devour the Man-Child ready to be birthed from a Virgin. The system is said to have 7 planets and appears in Virgo. The 'wings' as of this Giant Dwarf star will be flared-up as its atmosphere is energized by the solar winds.

THE COMING APOCALYPSE

The possible motive to hide the evidence of the approaching Planet X is because Earth is about to experience "Acts of God" in which governments have no control over. Prior visits by Nemesis may have been the cause of the catastrophic sinking of the legendary Island of Atlantis, the global catastrophe of Noah's Flood and the 10 Plagues of Egypt during the Exodus. Other nation's telescopes like that of Netherlands (NIVR) and the United Kingdom (SERC) have presented data to confirm that the Solar System does have 2 Suns. As the binary Dark Star is speculated to pass through this Solar System, its own planets to include Nibiru will come in direct opposition to Earth perhaps to coincide with the last Blood Moon of the Tetrad of 2015. This event will coincide with the Revelation 12 Virgo-Dragon depiction. Of note, the binary Sun does not need to pass near to have catastrophic effects.

NIBIRU: It is actually the Giant Dwarf or the Black Sun that is attributed to being the 'Red, Horned' body. It has 6 Moons/ Planets - just like the total 7 Headed-Horned Dragon in the Book of Revelation. The appearances of Nibiru are said to be ~6125 years apart. It is 'HORNED' because of its gas reactions as it approaches the Sun's solar winds. Many extra-Biblical sources foretell of a Blue Star first to 'warn' as a prelude to NIBIRU. Some speculate that comet ISON, the brightest comet in years could be that herald. This celestial body is expected to be visible starting fall of 2015, if not 2016. The flyby of the 2nd Sun, if true will produce a possible pole shift, tsunamis, global weather changes, mega-earthquakes, asteroids per the Book of Revelation that coincide with the Seal Judgments.

THE LION OF COMMAGNE

The lion in Nimrud Dag clearly depicts the constellation Leo. It is attributed to the coronation of (a type of the AntiChrist) in 62 BC during the Summer Solstice. A planetary alignment of Jupiter, Venus & Mercury did occur 2 BC.

Many believe this has to do with the birth of 'Christ'. The 3 Wise Men have their tradition in these 3 Stars. In Dec 3, 2012, there is an alignment of Saturn, Venus & Mercury. Perhaps this, like the patterns before is an announcement of a "Leader", a 'Christ' type to be revealed. Perhaps such a 'Nimrud' echoes back to the 1st world Ruler or AntiChrist; a celestial 'sign' of when the AntiChrist will come soon.

Ancient Past?

NIBIRU-Mini Solar System

FORMER FLYBY (~6124 Year Cycle)?

Sumerian ancient text describe a former Planet between Mars and Jupiter that collided with a Nibiru moon. It produced the Asteroid belt. The collision also produced the Earth and Moon as we know it.

If this is what the 'models' are telling, then great catastrophes including a complete pole shift near, mega earthquakes may be precipitated by this event. Some researchers have speculated that Planet X will actually have 2 flybys, 1 as it comes in and 2 as it goes out. After the 1st passage of Nemesis like the "eye" of a hurricane, the rest of the hurricane force winds will return but in the opposite direction. The tail of the Binary Dwarf will be carrying a stream of asteroids. The Bible speaks of a major impact of a "Falling Star, and "Wormwood" plus a spiritual Angelic falling of "Stars" will be "cast down" to Earth as a door is opened to the inter-dimensional prison of the "Fallen Angels" called the Watchers or Titans. Such are the ones who came to this planet Earth in the day of the Patriarch Enoch.

PLANET X

Mini Solar System speculated to be coming up from below the Ecliptic and behind the Sun with a 3.5 day eclipsing. The solar winds will produce the 'wings' effect as it gets closer to the Sun.

Planet X is an euphemism for the 7 Dragon head Sign of the Book of Revelation 12 that really is Nemesis or the incredibly dense failed 2nd Sun.

THE PLANET OF THE XING

The 'Horned' Winged disk as portrayed by ancient civilizations has been the subject of conspiracy theories and/or a cover up. There is a lot of disinformation surrounding this phenomenon because if true, it will cause mass panic and chaos as civilization will not continue on the same level of civil order. Many pseudo-science experts are attributing a mass-object to the heating up of the entire Solar System, increased Earth volcanoes and earthquakes, rapid Pole Shifting, massive animal deaths, on and on...perhaps.

It is supposed that world governments have 'known' about this celestial body for some time but have not disclosed it officially to the public, although in the 1980s, several NASA scientist did. Many world governments like China, Russia and the USA have invested billions in deep underground military bases or cities called D.U.M.B. for this very reason, aside for military purposes.

CELESTIAL CONSEQUENCES

Some believe that national government leaders of the world have been preparing underground bunkers to hide for protection because of what is inevitably coming. On one occasion, a "great mountain burning like fire was thrown into the sea" will annihilate a 1/3 of all living creatures on Earth according to the Book of Revelation. This planetoid impact will have the potential to create a tsunami so large it could topple the largest skyscraper, as the spreading tsunami expands in the direction of the four winds of the heavens. 'A line of mega-waves, hundreds of feet high could potentially destroy many coastal cities on the continents surrounding the impact.
