

Looking for upcoming graduates interested in Geotechnical Engineering?

Become an organization member for the upcoming 2021 virtual career work fair! As an organization member, you will be able to privately view resume videos from students throughout the nation. If you find a promising applicant, you can contact them directly.

Geotechnical engineering opportunities have grown in the Southern Idaho region. Reaching out to these students will not only create valuable connections but bring awareness to the beneficial experiences working in this region. For any questions, please contact a Southern Idaho Chapter board member.

February 6th

Complete the [Google Form](#) by for Organizational Members that are interested in participating in Virtual OM Student Career Fair.

<https://forms.gle/JDoimbKe98oiYaKNA> if link doesn't work

MARCH 1ST
