## Frequently Asked Questions

- **Why Salt Lake?** It's been about 15 years since the Red Eyes last visited Salt Lake and the combo of access to multiple excellent ski areas and the well deserved reputation for excellent snow conditions in the area are unbeatable.
- **Why a hotel in the city?** It's tough to ski all 4 of the ski areas in the Cottonwood Canyons unless you stay in the city. The UTA Ski bus system works very well, especially from the Midvale area where we will be located. We are also very close to a TRAX light rail station for trips to downtown.
- **What about meals?** Our Hotel has an included continental breakfast daily including some hot items. The hotel also has mini-fridges and microwaves in each room. But the best thing about our location are the 6 restaurants located within 2 blocks of the hotel. My favorite is the Midvale Mining Company.
- **Why aren't lift tickets included in the base price?** We really wanted to, but unfortunately the ski areas in Utah didn't have their prices available when we wanted to start offering the trip for sign ups. Prices are available now, but require full payment for the lift passes before Sept 20th to assure the cost.
