# Wonder Drink

Ever wanted to be STRONGER, FASTER and SMARTER?

Well, your answer is WONDER DRINK!

Highly original and innovative, Mantega invites the audience to a wordless journey where tons of laughs and gasps of amazement are guaranteed.

In a show that makes the perfect blend between theater and high level circus skills you will see Mantega juggle and manipulate unusual objects such as glasses, ice cubes and liquids and be amazed by an impossible grand finale.

Disguised as a living room, the show affords endless surprises as nothing is quite what it seems and props are discovered accidentally and exploited with subtlety and fun.

Developed in Cape Verde, Africa, assisted direction in South Korea by Mrs. Park Sang-sook and played in New Zealand, Canada, Russia, Spain, Germany and many other countries in the world this is a show with a Brazilian touch that combines visual comedy, juggling and charisma.
