**ARCHITECTURAL COMMITTEE
CONDITIONS OF APPROVAL AND DISCLAIMER**

Unless specifically agreed in writing by the Architectural Board, approval of the submitted plans is expressly conditioned upon the owner agreeing to assume the cost for any additional maintenance directly or indirectly caused by the proposed modification, addition or improvement.

During the approval process, the Highland Springs Country Club Owners' Association may require that its architect, landscape consultant, attorney, contractor, etc., review the proposed plans. Such review is limited in scope and may not be relied upon by the owner to ensure correctness of plans from a legal, architectural, structural, engineering, landscaping, etc., standpoint.

The applicant further agrees and represents that, as a condition of submittal, they have independently reviewed and confirmed that the proposed plans are correct from a legal, structural, architectural, engineering and/or landscaping standpoint, and will not in any way, other than has been disclosed in the application, negatively impact the Association or cause damage or additional maintenance to Association owned or maintained property.

The applicant is aware that they have ninety (90) days from the date of approval by the Architectural Committee to complete the work described in this application. Should additional time be needed to complete the work, the applicant must notify the Architectural Committee prior to the expiration of this approval for an extension of time on this approval.

The applicant also understands that they will be accountable for any damages or injuries not covered by their contractor.
