PREAMBLE

The School Board of Seminole County, Florida hereinafter referred to as the "Board," and the Seminole County School Bus Drivers' Association, Inc., hereinafter referred to as the "Association," confirm that:

WHEREAS, the Bargaining Agent for the Association and the chief executive officer of the Board have agreed to bargain collectively, and in good faith, in the determination of the wages, hours and terms and conditions of employment of the public employees within the bargaining unit, and now, having reached agreement on all such matters, desire to execute this contract covering such agreement. In consideration of the following mutual covenants, it is hereby agreed as follows:

ARTICLE I AGREEMENT

The Bargaining Agent shall not instigate nor support a strike against the School Board.

ARTICLE II BARGAINING AGENTS'/EMPLOYEES' RIGHTS AND RESPONSIBILITIES

Section 1.

Employees shall have the right to form, join, and participate in any Bargaining Agent of their own choosing.

Section 2.

Employees shall have the right to be represented by any Bargaining Agent of their own choosing, to negotiate collectively through a certified bargaining unit with the School Board in the determination of the terms and conditions of their employment, and to be represented in the determination of grievances arising thereunder. Employees shall have the right to refrain from exercising the right to be represented.

Section 3.

Any employee who is a member of the Association or who has applied for membership may sign and deliver to the Board an assignment card, furnished by the Association, authorizing payroll deduction of uniform membership dues in the Association. Such authorization shall continue in effect unless revoked at the employee's request upon thirty (30) days written notice to the Board and the Association, or upon termination of employment or death of employee. The Board is expressly prohibited from any involvement in the collection of fines, penalties or special assessments. The Association will certify to the Board, in writing, the amount of membership dues to be deducted. Pursuant to such authorization, the Board shall deduct such sum as authorized in twenty (20) equal standard payments from the employee's regular salary checks beginning each year with the first check in September. Payroll deductions shall be made no later than the second check after authorization has been received by the Board. The deductions shall be remitted not less frequently than semi-monthly to the Association. The Association shall indemnify and save the Board harmless against any and all claims, demands, suits, or any other forms of liability that shall arise out of or by reason of action taken or not taken by the Board for the purposes of reliance of any lists, notice or assignment furnished by the Association as it applies to this section.

Section 4.

The Board agrees to furnish the Bargaining Agent, in response to reasonable request, available information concerning the financial resources and conditions of the school district.

Section 5.

When the Bargaining Agent requests at least eight (8) days in advance of a stated meeting an item(s) which it desires to be brought to the Board for consideration, such item(s) shall be placed on the agenda so as to be considered by the Board as early as possible during the proceedings of that meeting. Two (2) copies of the agenda shall be mailed to the Seminole County School Bus Drivers' Association, Inc. president 72 hours prior to each meeting.

Section 6.

The Bargaining Agent has the right to use its Business Agent as its representative and/or any member(s) of the Bargaining Unit.

Section 7.

At the end of each employee meeting the Bargaining Agent representative shall be invited to make announcements.

Section 8.

The Association representative shall be allowed to hold a vote regarding contract ratification during work hours on School Board property. The times for such a vote shall be mutually scheduled by the Association representative and the worksite manager, but shall be at time(s) when all employees, or as many as possible, are present at the worksite.

Section 9.

A. The Association shall have use of the school system mail service, including employee mailboxes, for communications to employees. The District shall not be required to furnish additional mailboxes for this purpose, however, those mailboxes available as of July 1, 1989, for use at the Transportation Compound shall not be diminished in number. The following stipulations shall apply to use of the school mail system:

1. The Association will furnish and use only their own courier envelopes.

2. Materials sent shall not be derogatory against the system, the Board or the administration.

3. No material shall be sent through the courier which may be construed to be political in nature such as: campaign literature; partisan positions; bumper stickers; candidate cards and flyers; political announcements and endorsements, etc. Legislative issues pending before the State Legislature and/or U. S. Congress and literature pertaining to local, state, and national union elections shall be exempt from this provision.

4. The Superintendent and the Director of Transportation will receive a copy of any distribution made to a majority of the employees.

B. The Association office shall be a stop on the regular school system courier delivery route for a daily pick-up of pre-sorted non-district-wide items and delivery of Association communications subject to the normal rules which apply to other work locations.

C. Violation of any of the above items may cost the Association its use in the courier system for the remainder of the contract. In the event the Superintendent determines there may have been a violation, the Association shall be notified and given ten (10) days in which to respond.

Section 10.

Duly authorized representatives of the Association may, with the approval of the principal/work center head, be permitted to transact Association business for the maintenance of this contract on school property, provided that this shall not interfere with or disrupt normal school operations. Employees shall not transact Association business during working hours.

Section 11.

The Association and its representatives shall have the right to use school buildings other than during school hours and when not in conflict with scheduled school activities subject to the following:

A. The approval of the building principal.

B. The principal of the school or some delegated person shall be on the premises and any cost of janitorial services and any damage incurred, due to the negligence of the Association, shall be paid by the Association.

Section 12.

The Association shall be given access to a bulletin board for its exclusive use in an area and of a size mutually agreed upon with the Association and the work center administrator.

Section 13.

The president/designee of the Association and Director of Transportation or his/her designee shall meet to confer on matters of mutual interest and concerns such as but not limited to safety committee problems and input into all transportation handbooks and manuals.

Such meetings may be initiated at the request of either party and are to be arranged at mutually agreed upon dates and times. Further, such meetings shall in no way, circumvent or take the place of the regular process of collective bargaining.

Section 14.

The Association may use the employee's mailboxes at the Transportation Department for communication to employees. However, the Association or the employees shall not affix any identification on their mailboxes.

Section 15.

The cost center supervisor shall send a copy to the Association of employee handbooks and any revisions, changes, or additions. In addition, he/she shall provide to the Union's designated building representative an extra copy of each written communication disseminated to all bargaining unit members under his/her direction.

Section 16.

Upon written request by the Association staff or in the absence of the staff, the Association president, the Board shall furnish, at no cost to the Association, copies of any documents needed for the purpose of contract enforcement and negotiations. These documents shall include, but not be limited to, print-outs, materials contained in personnel files, letters, memos, school board agenda packets, school board policies and other types of manuals as may be necessary. Copies of documents requested by an attorney or other outside legal representative will be furnished pursuant to School Board policy, governing law and statutes. Should the Association request information which would require the creation of a program to produce the requested information, and the Board does not intend to utilize the information requested, the Association will be billed for the time of the employee who is assigned to create the program. Such billing shall be at the employee's regular hourly rate of pay.

Section 17.

A. The Association President shall have the discretion to use or designate use of up to twelve (12) paid Association (administrative) Leave days each year by giving advanced written notice to the Superintendent or the Superintendent's designee of the day(s) to be used, the person(s) using the leave, and a general purpose for use of the leave. The cost center administrator or director may limit the number of individuals released per this provision on any given day as necessary to avoid excessive interruptions of programs and services. The Association shall reimburse the district an amount equal to the gross pay for the absent person(s)'s

substitute(s) if a substitute was used during the absence(s). If such reimbursement is due, the Association shall pay it within fourteen (14) calendar days of having received an invoice from the district for such payment.

Section 3.

A. The employees shall be given an option of receiving their salaries in biweekly installments over a 10 month period (the 10 month pay plan) or 12 month period (the 12 month pay plan). Employees selecting to be paid on the 10 month pay plan will receive biweekly installments over the number of pay periods which occur from the start date of their 10 month contract period through the pay period which includes the last contract day of the 10 month period. Employees selecting to be paid on the 12 month pay plan will receive biweekly installments for 12 months beginning with the pay period in which the contract start date occurs.

1. Employees who were not on the payroll during the previous school year will be placed on the 10 month pay plan unless written notification of the selection of the 12 month pay plan is received in the Payroll Department by July 5th for 11 month employees and July 28th for 10 month employees.

2. Every employee in this category shall receive a written notice of this requirement. This shall include those on leave and new hires.

B. 1. Payroll shall be distributed every other Friday. In the event a bi-weekly pay date would occur on a paid holiday, employees will be paid prior to the paid holiday. Beginning with the 1998-99 school year, employees who elect to receive their pay over the length of their contract period will receive their final paycheck on the next regularly scheduled Friday pay date following their last contract date provided the last contract day is not a payday.

2. By March 15th of each year, the Payroll Department shall submit to the union via the Director of Employee Relations or his designee a listing including the date of the first check and the percentage of the first check. If the proposal is acceptable, the union shall notify the Director of Employee Relations or his designee of same in writing. If the proposal is not acceptable, the union President, one other person selected by the President, and the union's staff shall meet with the Director of Employee Relations or his designee and the Supervisor of Payroll to discuss alternative proposals. Such meeting will take place within four (4) weeks of the notification to the Board that their proposal is unacceptable.

Section 4.

A. When employees are directed to work overtime in addition to their regular hours aggregating more than a maximum of forty (40) hours per week, they shall be compensated as follows:

1. One and one-half (1 1/2) times the regular rate of pay for all hours worked over forty (40) hours in a work week.

2. Overtime worked shall be reflected on the pay stub. Calculations for overtime compensation shall be made as soon as possible following the working of overtime.

Whenever possible, overtime shall be paid in the pay period in which it was earned, but with the exception of extenuating circumstances, it shall be paid no later than the next pay period immediately following the pay period in which it was earned.

3. Time-off may be granted in lieu of overtime pay, provided same is consistent with the Fair Labor Standards Act, as long as said act is applicable to the Board.

B. Time worked in excess of the regular assigned hours aggregating up to forty (40) hours or less will be paid in the same manner as prescribed in A.2. above.

If the employee in the position to be eliminated has more seniority than other drivers/monitors employed during this time period, the least senior employee will be released from work and the more senior employee will be placed in the vacancy created by this action.

If all summer programs or funding are canceled, all summer employment will be ended.

C. Any driver who is unable to pass his/her physical and is thus temporarily disqualified from a summer position for which he/she was hired shall be allowed to take sick leave or leave without pay until the opening of the new school year or until he/she passes the physical.

Section 7.

A. In the event of a payroll error resulting in an underpayment to an employee, the employee shall be properly compensated retroactively. The retroactive period for back pay shall include the current year and up to a maximum of four (4) previous fiscal years. The employee shall receive the appropriate back pay, once this is brought to the attention of the Payroll Department and the error is verified, at the end of the next payroll period. In the event a payroll error resulting in an underpayment which would reduce the employee's normal bi-weekly payment by a hundred dollars (\$100.00) or more and same is brought to the attention of management prior to 11:00 A. M. of the pay day, the Board, if possible, will correct the error on the next payroll run.

B. 1. In the event of a payroll error resulting in an overpayment to an employee, the employee shall be notified in writing of such overpayment, noting the amount overpaid with an appropriate explanation.

2. Repayment to the District shall be in a manner jointly agreed to by the Payroll Department and the employee, provided the total amount is repaid within a period of time not to exceed the length of time for which the overpayment was received. Repayment will be required for the period including the current year and up to a maximum of four (4) previous fiscal years.

3. All inquiries regarding an individual's pay will be responded to in writing after review by the Transportation Department and the worksheet will be filed in the personnel file. It is understood by all parties that any overpayment waiver will only be considered if an incorrect written response to an inquiry was issued to the employee by the Transportation Department.

C. Should an employee not have sufficient leave for an absence that occurs after checks have been printed, the employee's next paycheck will be reduced for the unpaid leave.

Section 8.

For 2017-2018 school year all salary schedules will be increased by the percentage collectively bargained as reflected in Appendix D.

Beginning July 1, 2008, all newly hired support employees will be hired and placed on Step 1. No previous experience will be granted at this time unless approval is granted by mutual agreement between the Executive Director of Human Resources and the Executive Director of UniServ.

Section 9.

A. The annual salary as prescribed herein shall constitute the annual rate of pay for each position provided the employee works the full contract year. The amount of compensation due for each pay period shall be determined by dividing such annual rate by the number of paychecks selected by the employee for the work year. Such amount shall represent the entitlement of the employee at the end of each pay period, provided the employee has been on duty or on eligible paid leave during each workday in the pay period and is employed

for the full contract year. The daily rate of pay will be determined by dividing the annual rate of pay by the number of days established for the position.

1. In the event an employee should terminate during the contract year or take a leave of absence prior to the completion of his/her contract, the total number of days the employee was on duty or on eligible paid leave will be multiplied by the employee's daily rate of pay to determine the employee's total contract salary. The salary paid to date will be subtracted from the total contract salary and the balance will be paid to the employee in his/her final check.

2. In the event an employee should begin employment or return from an unpaid leave of absence later than the first required for the particular position, the total salary due to the employee will be calculated by multiplying the total number of actual workdays by the daily rate of pay. The total salary will then be divided by the number of checks remaining for the "paid over contract" position to determine the biweekly rate of pay. The first and the last paycheck will represent a percentage of the employee's biweekly pay based on the number of actual workdays in the pay period.

3. In the event an employee who had previously elected to be "paid over 12 months" transfers into a position which results in a change of contract days, he/she will be placed on "paid over contract" status.

4. In the event an employee changes positions which results in a different daily rate of pay, the total contract salary will be calculated by multiplying the daily rate of pay in each position, less any unpaid leave days the employee has taken. To establish the employee's biweekly rate of pay, the salary paid to date will be subtracted from the total contract salary. The balance will be divided by the number of checks remaining for the position. In the event an employee changes positions during a pay period the employee will be paid a prorated percentage of the established biweekly for the old and the new position.

B. In the event the employee has not been on duty or on paid leave for one (1) or more days, or fraction thereof, in the pay period, the compensation for that pay period shall be reduced for each hour not worked or fraction thereof on the basis of the employee's hourly rate of pay.

C. Fiscal year end calculation - The Finance Department will activate a computer program that will calculate an employee's fiscal year payoff ensuring that each employee is paid to their exact contract amount in their last regularly scheduled paycheck for the fiscal year.

Section 10.

A. At the opening of a school year, area managers will assign duty hours for each driver and monitor. Drivers and monitors are required to complete and submit time sheets from when they detect a difference between their assigned time and their actual time which would affect their pay status. Appropriate adjustments shall be made within two payroll periods from receipt of the adjusted time sheets.

B. Duty hours will be stabilized by October 15th or within three (3) weeks after the termination of a double session, whichever is later.

C. The parties agree that the intent of this agreement includes that, where operationally feasible, drivers and monitors shall not receive a reduction in duty hours after October 15th for the remainder of the traditional school year.

Additionally, the parties agree that management has the responsibility and express right to assign other related duties for drivers and monitors in order to avoid a reduction in their duty hours. Those include but are not limited to bus standby duties, mid-day run duties, courier duties, and/or other office/campus/compound duties. These duties shall not include custodial duties.

D. A reduction in duty hours between October 15th and the end of the traditional school year must be mutually agreed upon by the Director and the employee prior to implementation of the reduction.

Section 11.

A. Bus drivers who are available for required field trips and non-driving work beyond the regular route duties shall be guaranteed the following:

1. Drivers who request and are approved by the Director of Transportation Services or designee to be scheduled for a minimum guarantee of forty (40) hours per week from the opening of traditional school through the closing of traditional school shall be available for field trips and other required non-driving duties as assigned. Duties may be assigned on weekends and evenings as well as during the regular workday. This shall be designated as Plan A.

a) Using the employee profile sheets and with all things being equal, a rotation system shall be implemented by the master scheduler for assigning equal duties for day, night, and weekend trips and other related duties.

2. Drivers who request and are approved by the Director of Transportation Services or designee to be scheduled for a minimum guarantee of 35 hours per week from the opening of traditional school through the closing of traditional school shall be available for field trips and other required non-driving duties as assigned. As part of this guarantee, field trips shall be assigned only during the course of the workweek, during the daytime, and not after 6 P.M. or on weekends. However, a driver may volunteer to work after 6:00 P.M. if he/she is offered a trip that begins prior to 6:00 P.M. and will extend beyond 6:00 P.M. There shall be no penalty for refusing an assignment that extends beyond 6:00 P.M. This shall be designated as Plan B.

3. Drivers who request to be scheduled for a minimum guarantee of 30 hours per week from the opening of traditional school through the closing of traditional school shall not be assigned non-route duties. This shall be designated as Plan C.

4. No bus driver shall be employed for less than 30 hours per week from the opening of traditional school through the closing of traditional school unless by mutual agreement.

5. A driver may move from one plan to another during the school year for the following reasons only:

- a) medical, with proper documentation
- b) mutual agreement of the parties
- c) extenuating circumstances, when approved by the Director of Transportation Services

6. In the event the Director of Transportation Services determines that the number of drivers requesting Plan A or Plan B is more than the number of Plan A or Plan B positions available, then the most senior employee(s) shall prevail in receiving assignment to the plan.

7. In the event the Director of Transportation Services determines that a significant reduction in field trip requests will occur, resulting in less available hours, the impact of this shall be negotiated by the parties.

B. No bus monitor shall be employed for less than 25 hours per week from the opening of traditional school through the closing of traditional school unless by mutual agreement or when a monitor is required on a run and a full-time monitor is not serving the route where this run exists.

C. Except by mutual agreement, Plan A drivers shall be afforded notice of assignments no later than 12 o'clock noon on the Tuesday prior to the workweek for which the assignment is being made. Plan A drivers that cannot perform initial assignments may be given assignments no later than 12 o'clock on Friday prior to the workweek for which the assignment is being made. The assignments made on Friday shall not include weekends unless by mutual agreement. This shall only occur if the original assignment is documented by the master scheduler.

D. Except by mutual agreement, all Plan B and Plan C drivers and all monitors shall be afforded notice of assignments no later than 3:00 P.M. on the Wednesday prior to the workweek for which the assignment is being

made. Plan B and Plan C drivers and all monitors that cannot perform initial assignments may be given assignments no later than 3:00 P.M. on Friday prior to the workweek for which the assignment is being made. The assignments made on Friday shall not include weekends unless by mutual agreement. This can only occur if the original assignment is documented by the master scheduler.

E. For the purposes of this section of the contract, the workweek shall commence on Saturday and conclude on the following Friday.

F. Nothing herein shall preclude an employee from signing up for the field trip rotation as defined in Article X.

G. Thirty days prior to the close of school, drivers and monitors will be surveyed to determine their preferences for non-route assignments. Employee preference/availability profiles shall be maintained and updated as necessary by the Transportation Services Department. An employee may request that his/her preference/availability profile be revised only for the following reasons:

1. medical, with proper documentation
2. mutual agreement of the parties
3. extenuating circumstances, when approved by the Director of Transportation Services

H. 1. Full-time drivers under the ABC plan may be assigned to any of the following non-driving duties in order to fulfill their time requirements:

- a) Answering phones
- b) Filing
- c) Assisting dispatch in an emergency
- d) Other office work as needed
- e) Provide assistance as needed at schools
- f) Provide garage assistance as needed
- g) Any other appropriately assigned duties

2. No driver shall be permanently assigned to a position created solely for the purpose of providing work for drivers. Work assigned shall be scheduled by the Master Scheduler and is intended to be as assistance on an as-needed basis to employees permanently assigned to a job.

3. Drivers and monitors may be assigned for a school year to duties of Row Captain.

I. 1. Waiting time shall be treated as per Article XXII Section 17 and shall be considered as part of the five hour guaranteed minimum.

2. Work assignments shall not be custodial in nature. Additional work may include but not be limited to stand-by time, in-service training, cleaning buses, clerical/office work, and/or any other driving times.

J. Oversight Committee

1. An Oversight Committee consisting of four (4) union members selected by the Union President, the Executive Director for the union, four (4) members of management selected by the Director of Transportation or his/her designee and the Director of Transportation shall be formed.

2. The committee shall meet on an as needed basis but no less than once every two months for the purpose of reviewing the workings of Plans A, B, and C and to resolve any problems associated with the operation of the plan.

3. a) Should an employee have a problem with the operation of the plan, it shall first be brought to the employee's appropriate area manager in written form. In such reduction in staff the order of lay-off shall be based on length of uninterrupted

service in that particular service area. The employee with the longest length of uninterrupted service in that particular service area shall be the last to be laid-off.

In the event of recall, the employee with the longest length of uninterrupted service in the job description area shall be recalled first. Failure to respond to a recall within ten (10) work days automatically terminates the employee's right to recall.

Section 7. Evaluation

A. The purpose of evaluation is to assess and/or improve the quality of the employee's services.

B. Only the principal or his/her designee, supervisor or cost center director/manager, shall serve as bargaining unit evaluators. A principal, or his/her designee, supervisor, or cost center director/manager, may require input for evaluation purposes by employees who have been designated the responsibilities of directing other employees in their work assignments. Members of this bargaining unit shall not be required to evaluate other members of this bargaining unit.

C. All observing of the work performance of a bargaining unit member shall be conducted openly.

D. A general assessment of each employee's performance shall be completed by March 1st. The employee may request a conference to discuss the contents of said assessment. E. All employees on regular employee status within the bargaining unit will be evaluated once every three (3) years as per present contract procedures:

1. A formal annual assessment will be conducted using the appropriate evaluation form on each bargaining unit employee in compliance with the timeline established in Section D.

2. Unless otherwise notified, for the next two (2) years, a form signed by both employee and administrator will be used confirming the employee has demonstrated satisfactory performance for the employment year. This form meets contract language concerning general/annual evaluation, and will be completed by the timelines established in Section D.

3. An employee who is assigned or transfers to a different position within the bargaining unit shall be evaluated through the procedures outlined in Section D. regardless of where he/she was in the three-year cycle in his/her position. After the first year in the new position, the employee may be evaluated using the procedures outlined above at the discretion of the supervisor.

4. Should the supervisor identify an area of concern in the employee's performance at any time in the three-year cycle, the normal evaluation procedures as delineated in the collective bargaining agreement, which shall include the use of the regular Board approved evaluation form, shall be followed.

F. In the course of the evaluation process, the evaluator shall give the employee a copy of the completed evaluation form which is in triplicate. All copies of this form shall be dated and signed by the employee and evaluator, with two (2) copies retained by the evaluator and the third copy given to the employee. The employee's signature shall not be construed as an agreement to said evaluation. The employee shall have the opportunity to comment on the same form. If requested, the employee shall have a conference with the evaluator.

G. 1. Any employee whose performance is deemed to be unsatisfactory shall be advised by his/her supervisor of the deficiency (ies).

2. Recommendations for improvement shall be provided to the employee.

3. It is understood that corrections of said deficiencies are the employee's responsibility.

4. In no event shall an employee receive a rating of unsatisfactory on the annual assessment unless the stated deficiency was noted in a prior general assessment, observation report or memo at least thirty (30) days prior to the date of the annual assessment. However, should an employee's performance become unsatisfactory subsequent to the annual assessment, the assessment may be amended to reflect the same.

H. The record of evaluations included in the personnel file will be one (1) of the factors taken into consideration of personnel action such as demotion, dismissal, transfer, promotion, non-renewal or renewal.

Section 8. Investigation of Complaints

A. A complaint is a statement of inappropriate or improper conduct or misconduct made by a person or group of persons against an employee or group of employees. A complaint may also arise from an independent law enforcement agency investigation where due process standards have been observed.

B. Before any investigation of a complaint begins, the person, persons or law enforcement agency making the complaint must reduce the complaint to writing which must be signed and dated (or the complaint must be reduced to writing with the name, address and telephone number of the person complaining and signed and dated by the School District person receiving the complaint). The complaint must be specific about the matters on which the complaint is based. No formal disciplinary investigation shall be undertaken until the complaint has been investigated by the School District and the facts verified in writing.

C. 1. The cost center administration shall complete its initial investigation, reach a decision as to probable cause, provide a copy of the complaint and the initial investigative file to the employee, and file a copy of the complaint and initial investigative results in a "personnel file" as required by Florida Statutes 1012.31.

2. If disciplinary action is to be taken or recommended as a result of an investigation the decision or recommendation must be made within the following time limits.

a) Any letter of concern, warning, reprimand, or lesser discipline must be issued to the employee within the prescribed timelines as established in statute, policy, and/or contract language. A copy of the complaint(s) and investigative results must also be provided as an attachment.

b) Any recommendation for suspension or termination must be made by the Superintendent within ten (10) days of the date upon which the employee is given a copy of the final investigative file.

D. Any employee may be suspended with pay pending investigation of a complaint, at the discretion of the Superintendent. The Superintendent may recommend that the employee be suspended without pay. That recommendation shall be considered by the School Board at its first regular or special meeting following the recommendation. The employee shall be given notice of the meeting and an opportunity to speak to the issue of suspension without pay and present evidence as to why the employee should not be suspended pending conclusion of the matter. The employee shall have the right to be represented by an Association representative or attorney of his/her choice at the meeting. The School Board may terminate or continue the suspension. Such suspension shall not be deemed to be discipline. In the event probable cause is not found or the charges are dismissed the employee shall be immediately reinstated and paid all back pay and benefits.

E. If the administration chooses not to investigate a complaint, a copy shall be provided to the employee against whom the complaint is made, but no copy or record of the complaint shall be placed in the employee's personnel file. Uninvestigated complaints will not be used as the basis for any reprimand or other discipline, non-renewal of employment or negative comment on an observation, general assessment or annual evaluation.

F. If the investigation is concluded with the finding that there is no probable cause to proceed further and with no disciplinary action taken or charges filed, a statement to that effect signed by the responsible investigating official shall be attached to the complaint and a copy provided to the employee.

G. Any investigation of a complaint shall not be deemed an observation for evaluation purposes with regard to the condition that all observations shall be open.

D. A copy of materials to be added to the employee's file shall be provided to the employee either:

or,

2. By personal delivery to the employee. The employee's signature on a copy of the materials to be filed, shall be proof that such materials were given to the employee, with the understanding that such signature merely signifies receipt and does not necessarily indicate agreement with its contents.

E. When an employee requests the Superintendent to conduct an informal inquiry regarding material placed in his/her personnel files, the Superintendent or his/her designee shall commence the investigation within ten (10) work days. The official making the inquiry shall append a written report of his/her findings to the material within fifteen (15) work days after the conclusion of the investigation. The employee shall receive a copy of the written findings.

F. No materials relating to work performance, may be placed in a personnel file unless they have been reduced to writing within forty-five (45) days, exclusive of the summer vacation period, of the school system administration becoming aware of the facts reflected in the materials. Additional information related to such written materials previously placed in the file may be appended to such materials to clarify or amplify them as needed.

Section 10.

Every effort will be made to notify the employee as soon as possible, whenever the employer contends that an employee has violated any directive, rule, regulation, or policy. The employee shall be notified by his/her supervisor, as soon as possible, but no later than ten (10) working days, with the employee being informed of the directive, rule, regulation or policy allegedly violated.

B. An employee who has been determined to have been AWOL shall be subject to the following progressive discipline procedures

1st offense: Written reprimand and 1-day suspension

2nd offense: 5-day suspension

3rd offense: Recommended for termination

C. Each day that an employee is AWOL shall be considered a separate offense. The total number of offenses will not be considered cumulative from one school year to the next. However, any documentation of offenses in this section shall be maintained in the employee's personnel file.

Section 12.

A. No member of this bargaining unit shall be assigned dispatching duties on a regular basis.

B. Should it become necessary to assign a bargaining unit member dispatching duties, he/she shall be instructed to refer incoming complaint calls about bargaining unit members to the administration.

Section 13.

As a condition of continued employment bus monitors must successfully complete the physical skills examination which is required for bus drivers.

Section 14.

The Board shall maintain and transmit to the Association on or before July 15th of each year updated seniority lists. A seniority list shall be posted in a conspicuous place at the Transportation Compound. Placement on the seniority list shall be based on the employee's length of total continuous service in the same position from the date of hire. There shall be a separate list for drivers and monitors.

Section 15. Summer Employment

A. No later than May 1st, management shall make available applications for summer employment. It shall be the responsibility of the employee to turn applications in to the Transportation Office no later than May 4th. A list, by seniority, of all employees who applied for summer employment shall be posted by May 15th in a conspicuous place at the main compound.

B. Employees who have applied for summer employment and are initially selected for summer work shall be notified as to whether or not they will be employed for the summer no later than the last day of student attendance with every reasonable effort being made by the Board to notify employees prior to that date and as early as possible.

C. Seniority will be the criteria for summer employment for all eligible employees.

D. No assignments for summer activity runs or summer field trips shall be given to any driver/monitor who is not selected as a summer employee following the prescribed procedure for the selection of summer school/summer work employees.

E. In making summer assignments, no driver shall be assigned to a monitor's position if there is a monitor with ESE experience who has applied for summer work and who is still available to work.

F. OPS employees shall not be assigned to summer employment when contract drivers and contract monitors are available.

G. No bus driver shall be employed for less than five (5) hours a day unless by mutual agreement.

H. No bus monitor shall be employed for less than four (4) hours a day unless by mutual agreement.

I. After the last day of student attendance, employees who had initially accepted summer work and subsequently turned the route back without sufficient cause, which shall include personal or immediate family illness, shall be ineligible to apply for summer work the following summer.

J. Any driver/monitor who misses 20 days or more (excluding medical emergency, employee hospitalization,

and/or death of an immediate family member) will be placed at the bottom of the list for summer school eligibility. This will be reset yearly.

K. During summer school, all field trips will be given to field trip drivers unless no field trip drivers are available.

Section 16. Mid-Day Runs

A. Mid-day runs shall be filled with regular monitors if regular monitors are available.

B. When drivers who are employed on a flexible schedule are not available, mid-day runs shall be filled by district drivers on a rotating basis when regular drivers are absent.

Section 17. Tardiness

A. Should an employee arrive at work from seven (7) minutes up to one (1) hour beyond the employee's regularly assigned reporting time, the following progressive discipline steps shall be taken:

1. First offense - The Director of Transportation or his/her designee will fully explain the provisions prescribed herein to the employee in the employee's primary language within a reasonable period of time which may not exceed three (3) work days after the employee's late arrival. The affected employee will be assigned as a sub-driver/monitor for the day with no loss of pay.

2. Second offense - The Director of Transportation or his/her designee shall meet with the employee within a reasonable period of time which may not exceed three (3) work days after the employee's late arrival and issue an oral reprimand. The affected employee shall be assigned duties as the management deems appropriate, however, said duties shall not be custodial in nature. Said employee shall suffer no loss of pay.

3. Third offense - The Director of Transportation or his/her designee shall issue a written reprimand which shall be placed in the employee's personnel file. Said employee shall be denied the right to work for one-half (1/2) of the employee's assigned time and shall be docked one-half (1/2) of a day's pay. This one-half time penalty will be scheduled before the end of the following pay period.

4. Fourth offense - Upon recommendation of the Superintendent, said employee shall be suspended by the School Board for the appropriate number of hours equivalent to one (1) day without pay.

5. Fifth offense - Upon recommendation of the Superintendent, said employee shall be suspended by the School Board for the appropriate number of hours equivalent to three (3) days without pay.

6. Sixth offense - Upon recommendation of the Superintendent to the School Board, said employee shall be terminated.

B. Nothing herein shall preclude the Board from utilizing patterns of tardy incidents of less than seven (7) minutes for the purpose of determining performance problems resulting in appropriate progressive discipline and/or as a component of just cause for purposes of dismissal. The total number of offenses will not be considered cumulative from one school year to the next. However, any documentation of offenses in this section shall be maintained in the employee's personnel file.

C. 1. An employee who is tardy due to a verifiable emergency shall be permitted to submit a notarized affidavit with a full explanation of the occurrence. The affidavit shall contain the name(s) and phone number(s) or address(es) of an individual or individuals who can attest to the information provided. An affidavit that is found to be falsified shall be grounds for termination.

2. Emergencies fitting this category shall include but not be limited to road closings, accidents, and "Acts of God." Tardiness due to an emergency as defined in this article shall not be subject to penalty. Oversleeping, a pattern of vehicular breakdowns or running out of gas shall not be considered an emergency.

B. Any equipment/device which is installed for testing purposes, shall not be used to monitor, discipline, reprimand or terminate an employee. Documentation, written, recorded or computerized that is created by or from the installation of such equipment/devices shall not become part of the employee's personnel file, nor shall the documents contain the name or social security number of any employee.

Section 19. Route Assignments

A driver or monitor will not be removed from their assigned route for missing the first day of school because of the death of their father, mother, brother, sister, husband, wife, child, other close relatives or member of his/her own household.

ARTICLE X FIELD TRIPS

Section 1.

A. Field trips and weekend or extra-curricular trips shall be considered as regular employment and shall be compensated at the appropriate rate.

B. The assignment process that follows will not be utilized if there are Plan A or Plan B drivers available to drive field trips as part of their regular assignment. The rotation will be followed when additional field trip drivers are necessary.

Section 2. Assignment

A. 1. The Transportation Department shall be responsible for securing employees for field trips, weekend or extra-curricular trips. Such trips will be driven by non-bargaining unit members only in case of emergency.

2. When a driver is assigned a field trip, management must provide/assign a bus for the trip.

B. Field trips outside of regularly assigned duty hours will be taken by employees who volunteer for field trips. For volunteers, selection will be made by the Transportation Department as follows:

1. The Director of Transportation or his/her designee shall divide the county into eight (8) areas using each of the high schools as the hub for the feeder schools in the area.

2. During pre-school in-service, route drivers wishing to volunteer to work field trips shall select one area, either the area in which they end in the morning or afternoon run, or the area closest to the area in which they end in the morning or afternoon. During pre-school in-service SWOP, district and sub drivers wishing to volunteer to work field trips shall select one area for the assignment of field trips through the rotation system.

Once a selection is made it shall remain in effect for the school year, unless a driver's primary area of assignment is changed. Then that employee may, if desired, change the area of field trip assignment to coincide with the new area.

If this change is made, the driver will be placed in the rotation for the specific area with one (1) hour more than the driver with the highest number of hours who is not under penalty. District drivers shall notify dispatch at least twenty-four (24) hours in advance of any assigned field trips in order to be assigned in the field trip area on the day of the trip, if possible.

3. Each year a list of volunteer drivers for each area shall be compiled by the Director of Transportation or his/her designee. Also, a list of volunteer monitors shall be compiled each year by the Director of Transportation or his/her designee. The list shall be ranked in order of seniority, placing the employee with the most seniority in the first position, and the employee with the least seniority in the last position. Drivers and monitors will have separate seniority lists. Any employee wishing to volunteer to work a field trip after the initial sign up will be credited with one (1) hour more than the employee with the most accumulated hours in that area excluding penalty hours.

4. The first trip for each area shall be offered to the driver at the top of the list for that area. Each successive trip in each area shall be offered to the driver in rank order of the list until each driver has been offered one trip.

The first trip shall be offered to the monitor at the top of the list. Each successive trip shall be offered to the monitor in rank order of the list until each monitor has been offered one trip.

Once each employee on the individual list has been offered a trip, trips will be rotated through the list of employees based on each trip being offered to the employee with the fewest number of field trip hours, including penalty hours.

5. Should there be no one available to drive a trip in a specific area from the list, the trip shall be offered to the next driver in the area of closest proximity to the desired area following the rotation system described below:

FIELD TRIP ALTERNATE

Oviedo- Lake Howell
Lake Brantley -Lyman
Lyman Lake -Brantley
Lake Mary -Winter Springs
Crooms- Seminole
Seminole -Crooms
Winter Springs- Lake Mary
Lake Howell -Oviedo
Hagerty- Oviedo

6. A roster of volunteer employees and field trip hours will be posted outside the dispatch window by the first (1st) and third (3rd) Monday of every month.

7. a) When a trip is offered to an employee in rotation, the total number of correct hours of the trip will be charged to the employee whether employee accepted the trip or not.

b) Once a field trip is received by an employee, that employee will have forty-eight (48) hours to accept or refuse the field trip. A failure to respond will be considered a refusal and the employee will receive forty penalty hours for each failure to respond.

An individual, upon written request, may remove his/her name from the field trip rotation for a minimum of the remaining portion of that grading period. During that time, the total number of correct hours of the trip assigned will be charged to the employee, so that the employee will re-enter the rotation at the point at which they exited. An individual may opt out of only one grading period per school year.

If an employee refuses a field trip (either by failure to respond or a refusal) more than three times in a grading period, that employee shall be removed from the rotation system for the remainder of the current grading period and the immediately following grading period.

A field trip oversight committee will meet each grading period to review the field trip assignment process. The committee will consist of four (4) union members selected by the Union President, the Executive Director for the union, four (4) members of management selected by the Director of Transportation or his/her designee and the Director of Transportation.

8. Except in emergencies or with approved leave, failure of an employee to report for an assigned field trip without forty-eight (48) hours prior notification to the Transportation Department shall result in the employee having forty (40) hours of field trips charged to him/her.

9. When an employee is offered a field trip within forty-eight (48) hours in advance of the departure time of the trip, and refuses it, no hours will be assessed.

10. The employee must work the shift prior to a field trip or the trip will be reassigned.

11. An employee assigned a field trip shall not reassign the trip to another driver. Such action will result in appropriate level of discipline under just cause.

12. For nights, weekends, holidays and non-school day trips which are in-county, drivers will be guaranteed a minimum of four (4) hours paid time and such trip may be scheduled as a split trip.

13. When a trip is canceled, the estimated hours that were charged to the driver shall be removed within three (3) workdays of the cancellation.

14. A driver who refuses a trip on a specific date and then is offered a second trip on the same date shall be charged the hours for the first trip only.

15. An employee who is absent and on approved leave for ten (10) or more workdays, or who is on worker's compensation (light duty), and is in the field trip rotation system shall be removed from the rotation system during the approved leave. Upon returning to work, the employee will be placed in the rotation at the place which represents 50% of the variance of the hours of the field trip rotation list to which he/she is assigned.

16. Only the paid hours worked beyond the normal route time will be assigned to a driver for the purpose of rotation.

Section 3. Driving Time

A. Driving time for field trips shall begin when the bus is moved from its authorized storage area. Employees are requested, when practical, to be at the departure point fifteen (15) minutes prior to the scheduled time of departure. Driving time ends when the bus is parked at its authorized storage area. Drivers shall be paid for sweeping, fueling, putting up bus windows, emptying trash and securing the bus.

B. It is understood that drivers will be available to supervise materials, equipment or students upon request during the time of the trip. Under no circumstances will employees be expected to supervise students during sleeping time on overnight trips.

C. A record of driving time for each assignment shall be reported by the employee to the Transportation Department at the earliest possible time, but not later than the first day of the pay period following the pay period in which it was worked.

D. Specific directions from the assigned school to the assigned field trip destination will be provided to the driver upon request.

Section 4. Compensation and Expenses

A. When driving field trips outside the assigned workdays, employees shall be paid their regular hourly rate.

B. Payment for overnight trips shall be determined by the applicable rules of the Fair Labor Standards Act as long as said Act is applicable.

C. On extended field trips outside of Seminole County, employees may be paid actual cost of meals not to exceed amounts specified by Florida Statutes for State employees and Board policy. Employees requesting reimbursement under this paragraph shall have thirty (30) minutes deducted from their field trip pay for each meal for which they are reimbursed.

D. Rotation field trips out of county between A.M. and P.M. routes shall be a continuous trip, not a drop-off and pick-up except for trips to adjoining counties, however trips to the facilities in the Science Center Complex shall be considered continuous trips if the estimated time between arrival and departure time is less than two (2) hours.

E. 1. If an employee is scheduled for a field trip on a school day (Monday through Friday) that has been canceled by the school without at least twenty-four (24) hours' notice to the Transportation Department, except for the "Acts of God," then the employee shall be paid a minimum of one (1) hour or the actual time worked if in excess of one (1) hour.

2. If an employee is scheduled for a weekend field trip that has been canceled by the school without at least forty-eight (48) hours' notice to the Transportation Department, except for the "Acts of God" then the employee will be paid a minimum of four (4) hours.

3. The cancellation rule does not apply to tournaments and contests scheduled on consecutive days where continued participation is dependent upon the team(s) winning.

Section 5. Emergency Trips

A. An emergency trip is any trip that is unassigned within 24 hours of its scheduled depart time due to driver declines.

B. Field trips offered in emergency situations shall accrue regular rotation hours.

C. Twenty-four (24) hours prior to the trip starting, the trip will be offered to the specific field trip area. If no response, trips will be offered to the alternate area. If no response, trips will be assigned to first available response countywide. Should there be less than 24 hours to secure a driver/monitor for a trip, a countywide all-call may be made immediately thus bypassing the specific area and the alternate area.

D. The field trip printout will identify all trips assigned as emergencies.

ARTICLE XI GENERAL PROVISIONS

Section 1.

The provisions of this agreement shall be applied without regard to race, creed, color, religion, national origin, age, sex, marital status or handicap. Membership in the Bargaining Agent shall not be denied to any employee because of race, creed, color, religion, national origin, age, sex, marital status or handicap.

Section 2.

The Bargaining Agent agrees to encourage each member to assist in the maintenance of this contract.

Section 3.

The Bargaining Agent, its members and the Board agree to abide by laws and regulations of the Federal and State governments prohibiting discrimination, to support the programs and plans of the school system, and encourage qualified applicants of all ethnic groups and both sexes to seek available promotional opportunities with the School Board of Seminole County.

Section 4.

Any involvement of the School Board into the private and personal life of an employee shall be of no concern to the Board unless there is evidence that such activities affect the job performance of the employee.

ARTICLE XII GRIEVANCE PROCEDURE

Section 1.

The term "employee" as used in this article shall mean one or more employees.

Section 2.

A grievance is an alleged violation, misinterpretation or misapplication of a specific provision of this agreement.

Section 3.

Each employee or group of employees has a right to this grievance procedure.

Section 4.

Whenever an employee feels that there is a grievance, every effort should be made to arrive, on an informal basis, with the immediate supervisor, at a mutually satisfactory solution to the grievance. When this cannot be done, resort should be to the more formal procedure stated herein in an effort to resolve grievances. Grievances at Step I and Step II shall be conducted in private. The aggrieved employee and the administrator shall have the right in such instances to request the presence of a representative.

Nothing in this agreement shall be construed to prevent any employee from presenting at any time his/her grievance in person or by legal counsel as outlined in Florida Statutes.

Step I

The employee shall submit to his/her principal or immediate supervisor a signed written statement of fact(s) on an official grievance form.

Such statement shall be specific. Such grievance must be presented within a reasonable time, but in no event longer than fifteen (15) work days after an employee should have been aware of the act or condition which is the basis of his/her grievance. In the event such an alleged act or condition occurs within the last two weeks of the employee's contract year, the grievance must be presented within twenty (20) calendar days. Within ten (10) work days of the receipt of the grievance, in writing, a meeting shall take place between the principal or immediate supervisor and the grievant and, if either party desires, their representative. The principal or immediate supervisor shall respond to the grievant, in writing within ten (10) workdays after the meeting and shall furnish copies thereof to the employee.

Step II

If the employee is not satisfied with the disposition of the grievance at Step I, the employee may appeal to the Superintendent or his/her designee within five (5) work days after he/she has received the disposition of Step I. Said appeal shall be written on the official grievance form and transmitted to the Superintendent or his/her designee in person or via certified mail, return receipt requested.

Within ten (10)-work days after receipt of the grievance at Step II, the Superintendent or his/her designee shall meet and confer with the employee with a view to arriving at a mutually satisfactory solution of the grievance. At the conference(s) the employee and the Superintendent may have his/her representative present.

Absence of the Association's representative will not prevent the conference(s) from being held if the Association has been given forty-eight (48) hours' notice. Notice of the conference shall be given also to the persons who rendered the decision at previous steps.

The principal or immediate supervisor and the Superintendent's designee may be present at the conference(s) to state his/her views. The Superintendent/designee shall respond to the grievance, together with supporting

reasons, in writing, or in person to the employee within ten (10) working days after the Step II conference. Those persons who rendered the decision at Step I shall also receive a copy of the decision at this step.

A. Should the grievant not be satisfied with the Superintendent's decision following the Step II hearing, the Association and the District may agree mutually to submit the grievance to grievance mediation under rules set forth by Federal Mediation and Conciliation Services. The request to pursue grievance mediation must be made in writing within five (5) days of the Step II disposition. This dispute resolution step serves as an alternative to binding arbitration. When the parties agree to utilize this step, the timelines are held in abeyance until the mediation process is concluded. Should the parties fail to achieve a grievance settlement, or if either party declines to utilize grievance mediation, the Association retains the right to proceed to binding arbitration in accordance with the procedures outlined in Step III of this article.

Step III

If the Association is not satisfied with the disposition of the grievance at Step II, the Association, within ten (10) work days after receiving the decision of the Superintendent, may submit the grievance to arbitration by so certifying their intentions in writing to the Superintendent via certified mail, return receipt requested. The Association, within ten (10) workdays shall request a list of arbitrators from the Federal Mediation and Conciliation Service (FMCS). Within ten (10) workdays of the receipt of that list, the Association will meet with the Superintendent or his/her representative to select the arbitrator. The parties shall select an arbitrator by alternately striking names from the list. The Association, within ten (10) workdays from the selection of the arbitrator, will notify FMCS of the individual selected.

The parties shall not be permitted, unless so ruled by the arbitrator, or otherwise mutually agreed upon, to assert in such arbitration preceding any evidence not previously disclosed to the other party prior to the preceding. Both parties agree that the award of the arbitrator shall be final and binding provided same is in compliance with Chapter 682, Florida Statutes.

Section 5. General Provisions

A. Any grievance which arose prior to the effective date of this agreement shall not be processed.

B. A grievance may be withdrawn at any level but that same grievance may not be filed a second time.

C. The filing of a grievance shall in no way interfere with the right of the Board to proceed to carry out its management responsibilities, subject to the final decision of the grievance.

D. The Association and the District shall bear any fees and expenses of the arbitration step in this procedure equally.

E. The time limits provided in this article shall be strictly observed but may be extended by written agreement of the parties. In the event a grievance is filed after May 15 of any year and strict adherence to the time limits may result in hardship to any party, the Board shall use its best efforts to process such grievance prior to the end of the school term or as soon thereafter as possible. Whenever illness or other incapacity of either party prevents his/her presence at a grievance meeting, the time limits shall be extended to such time that the party can be present.

F. Any employee involved in any manner in any grievance procedures shall not be subjected to any prejudicial treatment because of such participation.

G. It is the mutual intent of the Board and the Association to resolve all grievances at the earliest possible level of the grievance procedure.

H. Florida Statutes 447.301(3) - Nothing in this part shall be construed to prevent any employee from presenting, at any time, his/her own grievances in person or by legal counsel, to his/her public employer and having such grievances adjusted without the intervention of the Association, if the adjustments are not inconsistent with the

terms of the collective bargaining agreement then in effect and if the Association has been given reasonable opportunity to be present at any meeting called for the resolution of such grievances.

I. All grievance steps and arbitration proceedings are to be conducted outside regular working hours unless the Board consents in writing to the contrary. When such grievance meetings and conferences are held during school hours, all employees whose presence are required shall be excused, with pay, from their normal duties.

J. All testimony and documents arising from grievance procedures will be filed separate and apart from individual personnel records.

K. If any employee for whom a grievance is sustained shall be found to have been unjustly discharged, he/she shall be reinstated with a full reimbursement of all professional compensation lost.

L. Powers of the Arbitrator

It shall be the function of the arbitrator and he/she shall be empowered, except hereinafter provided, after due investigation, to make a decision in cases of alleged misinterpretation, or alleged misapplication of the specific articles and sections of this Agreement in accordance with Chapter 682 (Florida Arbitration Code) and the Florida School Code. The arbitrator in his/her decision shall not amend, modify, nullify, ignore or add to the provisions of this Agreement.

His/her authority shall be strictly limited to the issue or issues presented to him/her by the parties and his/her decision must be based solely upon his/her interpretation of the meaning of the express relevant language of the Agreement. The parties agree that in such instance(s) the dispute entails the question of arbitrability or untimeliness, the arbitrator will be selected to determine solely the question of arbitrability or untimeliness. In the event the arbitrator finds the grievance is not arbitrable or is not timely, the Association will take no further action regarding the arbitrability or untimeliness of the grievance. If the arbitrator determines that the grievance is arbitrable, the grievant will proceed with the grievance at the applicable step.

ARTICLE XIII LEAVES AND TEMPORARY DUTY

Section 1.

A. The granting and recording of all leave as enumerated in this article shall be maintained by recording the numbers of contracted hours of leave earned and used by the employee.

B. A day of leave shall be equivalent to the total number of hours for which an employee is contracted daily.

C. Should an employee's contracted hours change during a calendar month; the employee shall earn leave based on the number of contracted hours for the position held when leave is credited for that month.

D. Should an employee's hours decrease/increase within the first four months of the contract year after the granting of the first four sick leave days, the employee's total leave balance will be adjusted to reflect the decrease/increase in hours.

E. An employee shall receive pay for quarter hour increments not recorded in their regular base pay, as long as the employee continues to be on paid leave.

Section 2. Sick Leave

A. Any employee who is unable to perform his/her duty because of illness, temporary physical disability or because of illness or death of father, mother, brother, sister, husband, wife, child, other close relatives or member of his/her own household, and consequently has to be absent from his/her work, shall be granted leave of absence for sickness by the Superintendent or his/her designee. A physical disability, substantiated by a physician, and connected with or resulting from a pregnancy may at the employee's option, be charged to the

employee's accumulated sick leave. In this event, the Board may grant sick leave for the period of time as designated by the physician provided the employee has sufficient accumulated sick leave.

B. Each employee shall be credited with four (4) contract days of sick leave (or the equivalent hours thereof) at the end of the first month of employment of each contract year, and thereafter, is credited with one (1) contract day of sick leave or the equivalent hours thereof at the end of each month of employment provided that such leave shall be taken only when necessary because of sickness as prescribed by Florida Statutes and the Florida School Code. However, no employee may earn sick leave hours during a fiscal year which totals more than the equivalent of one day of sick leave for each month of employment. Such sick leave shall be cumulative from year to year. If the employee terminates employment and has not accrued the leave hours equivalent to the four (4) days of sick leave available, the School Board will withhold the average daily amount for sick leave hours used but not earned by the employee. The Superintendent or his/her designee may require a certificate from a licensed physician or from the county health officer in cases of questionable use of sick leave.

C. Bargaining unit employees shall be entitled to transfer sick leave credit from other Florida school districts or a state educational agency to the District. Transferred sick leave shall be in addition to sick leave in which a staff member is entitled from this District. The transferred leave which is credited to an employee's account shall be a rate equal to the number of sick leave hours earned annually with the District. It is the employee's responsibility to contact the other school district(s) or agency(ies) to request a transfer of sick leave.

D. If a bargaining unit member employed in the District interrupts service and subsequently returns to duty in the District without having transferred and used his/her accrued sick leave credit in another Florida school district, previous accrued sick leave shall become valid on the first day of contractual service.

E. Any Bus Driver/Monitor based employee covered by this contract may donate accrued, earned sick leave to the employee's spouse (person to whom the donor employee is legally married at the time of the donation), child (natural or adopted, but not step-child), parent (mother or father of the donor employee), or sibling (brother or sister, but not step-brother or step-sister), who is also a regular part-time or full-time employee of the school district (not a temporary employee, substitute, or OPS) at the time of the donation. The transfer of sick leave is subject to the following limitations and conditions:

(1) the receiving employee must have exhausted all sick leave, excluding any sick leave received from the sick leave bank;

(2) donated sick leave shall be used for illness only and must be supported by medical verification from a physician upon request of the Executive Director of Human Resources;

(3) donated sick leave may not be used for personal leave;

(4) unused donated sick leave shall revert to the donor employee upon the receiving employee's return to work;

(5) donated sick leave shall have no terminal leave value for the receiving employee;

(6) leave may be donated in increments of not more than 10 days, unless the Executive Director for Human Resources or designee approves a greater increment not to exceed the maximum number of scheduled workdays (or workdays remaining) in a fiscal year for the receiving employee;

(7) the donation of sick leave must be requested and received by the Payroll Department (no later than the end of district pay period following the pay period in which the receiving employee's absence occurred).

Section 3. Illness-in-the-Line-of-Duty

A. Any employee shall be entitled to illness-in-the-line-of-duty leave when he/she has to be absent from his/her duties because of personal injury received in discharge of duty or because of illness from any generally

accepted contagious or infectious childhood disease contracted in school work as determined by immediate supervisor.

B. Leaves of such employee shall be authorized for a total number of hours not to exceed ten (10) school days during any school year for illness contracted, or injury incurred, for such causes as described above. However, in the case of sickness or injury occurring under such circumstances as in the opinion of the School Board warrants it, additional sick leave may be granted for such term and under such conditions as the School Board shall deem proper.

Section 4. Personal Leaves

A. Personal leave, without pay, short term or extended, may be granted an employee. A valid reason must be given to justify personal leave.

1. Parental/Maternity Reasons -- An employee may be entitled, upon request, to personal leave to begin at any time between the birth of his/her child and one (1) year thereafter.

2. Adoption of Children -- An employee may be entitled, upon request, to personal leave to commence at any time during the first year after receiving legal custody of an infant child or prior to receiving such custody, if necessary, in order to fulfill the legal requirements for adoption.

3. Political Reasons -- A leave of absence for a period equivalent to twenty (20) consecutive days may be granted to an employee upon request for the purpose of campaigning as a candidate for public office. If the employee is elected to the office or appointed to an office, and the work of the public office would interfere with working, he/she may be entitled, upon request, to personal leave, without pay, for one (1) year, renewable annually at the discretion of the Board.

4. Other Reasons -- Personal leave without pay may include: child care, medical reasons, religious reasons, illness in immediate family, Peace Corps, VISTA and other governmental agencies. Extended personal leave shall not be granted to employees who will be leaving the system to work in a paying job with exception of those previously stated.

B. Leave hours up to the equivalent of four (4) contract days for personal reason with pay may be allowed each year provided that such leave be charged to the employee's cumulative sick leave and further that such leave is non-cumulative. Employees requesting a short-term personal leave shall not be required to give a reason for taking leave.

1. In the event that more than five percent (5%) of the work force at a cost center requests personal leave on a given day, the cost center supervisor may deny leave to those employees exceeding the five percent (5%) figure on a "last applied-first denied" basis.

These hours cannot be granted immediately preceding or following a negotiated teacher workday, a school board approved holiday, a student attendance day that precedes or follows a holiday, negotiated make-up day, or Winter/Spring/Summer vacation or during the first five (5) student attendance days and the last five (5) student attendance days except in cases of emergency; to attend the graduation of an immediate family member or self; to enroll a child in school or college; to attend the wedding of self or an immediate family member; or, to observe a religious holiday. In the event such personal leave with pay is denied by the immediate supervisor and the employee feels that the request is justifiable, he/she may appeal the decision to the Director of Employee Relations or designee.

2. An employee may be permitted, with approval of his/her administrator, to take one (1) day of personal leave without pay either immediately preceding or immediately following a negotiated paid holiday. There shall be no deduction of pay for the negotiated paid holiday.

3. Personal leave with pay shall not be granted to temporary employees as defined in "Employment Conditions Article."

4. In the event such personal leave with pay is denied by the immediate supervisor and the employee feels that the request is justifiable, he/she may appeal the decision to the Director of Employee Relations.

Section 5. Military Leave

3. He/she is recalled to active service from reserve status.

B. All employees who are members of the United States Armed Services, or the National Guard, shall be entitled to leave of absence from their respective duties, without loss of pay, time or efficiency rating, on all days during which they are engaged in either active duty, field exercises or training in which they are so ordered.

Paid leave for field exercises or training shall not exceed the equivalent of seventeen (17) working days and paid leave for active duty shall not exceed 240 working hours in one (1) school fiscal year.

Section 6. Temporary Duty

A. Temporary duty is duty for the benefit of the school district and generally initiated by the school or district office. Temporary duty leave may be used for Association business with an advance written request from the Association president or designee to the Superintendent or designee provided the Association reimburses the district for the cost of the substitute staff if substitutes are employed.

B. When mutually agreed upon, employees may be assigned to be temporarily away from their regular duties and places of employment for the purpose of performing other services including participation surveys, meetings, study courses, workshops, etc. Employees will receive regular pay and may be allowed expenses as provided by state law and district regulation.

Approval of "assignment for temporary duty" must be secured in the same manner that leaves are approved.

C. On granting approval for attendance at any meeting or convention, the following criteria shall be considered:

1. The position and/or responsibility of the applicant in relation to the school system.
2. The value to the school system which reasonably may be expected from attendance and participation in the particular meeting.
3. Out-of-state meetings at the district expense must be approved by the Board. Approval for in-state or out-of-state trips at district expense shall be obtained through the following channels: application for such leave by employees shall be made to and recommended by the principal or immediate supervisor. The application must be approved by the Director of Employee Relations. Leave request forms should be submitted for approval well in advance of the planned absence, but in no case less than ten (10) days prior to the absence.

Section 7. Jury/Court Duty

Temporary duty with pay will be granted to an employee who is summoned to serve on a jury, subpoenaed to appear at a legal proceeding as a witness, if he is required by law to attend, or to make appearance in any court proceeding resulting from activities relating to the employee's employment with the school district. Such leave must be requested and approved in advance. An employee who is excused from such service, prior to the end of the working day will be expected to return, when practical, to duty for the balance of the working day. In no case shall temporary duty with pay be granted for court attendance when an employee is engaged in his/her personal litigation.

If it is not possible for the employee to give thirty (30) days' notice because of reasons such as a medical emergency, a change in circumstances, or because the employee cannot determine approximately when the leave will begin, the employee should give notice as soon as possible.

K. Medical Certification

1. Illness of a Family Member: When the employee is requesting FMLA leave for a serious health condition of the employee's spouse, child, or parent, the School Board may request that the employee provide a statement from the spouse's, child's or parent's doctor certifying that it is necessary for the employee to care for that person and stating the estimated time for which the care will be needed.

3. An employee requesting intermittent leave must make every attempt to schedule the leave so as to not disrupt the operations of the School Board. The School Board may, during the time for which intermittent leave is required, assign the employee to an alternate position at equivalent pay and benefits if necessary to accommodate the employee's need for such leave.

4. The employee must give the School Board thirty (30) days' notice of the need for such leave unless it is not possible to do so. In that case, the employee must give the School Board as much notice as possible.

M. Return to Employment/ Restoration to Position

Upon return from FMLA leave, an employee will be restored to the employee's position prior to leave or an equivalent position. If the employee is placed in an equivalent position, that position will be at the same pay, benefits and other terms and conditions of employment under the collective bargaining agreement and/or applicable School Board policy.

N. Caution

This article does not set forth all of the provisions of the Family Medical Leave Act or the implementing federal regulations. Employees who are planning to take FMLA leave or who do take FMLA leave should notify their designated Personnel contact for a full explanation of the law as it applies to their FMLA leave request and to determine if they are eligible for FMLA leave.

Section 9. General Provisions Governing Leaves

A. Application for personal, maternity, military, extended leave and assignment for temporary duty must be made in writing and presented for approval ten (10) days prior to the date leave is requested.

B. Any employee who is willfully absent from duty without leave shall forfeit compensation for the time of such absence, subject to dismissal.

C. A leave once granted should remain in force for the duration of the granted leave unless both parties, the employee and the Board, wish to terminate such leave.

D. Leaves shall be granted for no more than one (1) school year at a time. Leaves may be renewed for the succeeding year, however, no more than two consecutive years of leave shall be granted. However, the employee may apply and be considered for re-employment by the Board. The administration agrees to furnish the Association a list of bargaining unit members who are on leave for the remainder of the school year as of February 20.

E. A leave granted establishes an employee/employer relationship during the length of said leave. Granting of a leave to an employee during a particular fiscal year does not denote rehire for the ensuing year. An employee returning to employment during the same school year following a leave shall be given his/her former assigned route for that year.

F. Any employee granted a leave of absence as provided in this article shall be given an opportunity, unless otherwise provided, to continue insurance coverages in existing school programs during the leave provided such leave is acceptable by the insurance carrier and provided that full premiums for such insurance programs shall be paid by the employee on a monthly basis in advance of the month due.

G. Leave granted on the request of an employee shall be for particular purposes or causes which shall be set forth in a written application for leave. The School Board shall have the right to determine that the leave is used for the purposes or causes set forth in the application, and if not so used the Board shall have the authority to cancel the leave.

H. An employee returning from leaves of absences shall retain full credit for years of employee's service prior to the leave, plus all accumulated leave earned prior to the leave of absence, if returning to the same position.

I. When confidentiality is requested by an employee on a particular leave request, the administration will use categorical reasons for any bulletin board posting.

J. Specific leave may be refused if the employee's absence would cause undue hardship or interruption of vital school service.

K. Any employee returning to duty at the end of an approved leave which was granted for medical reasons may be required to present to the cost center supervisor a certificate from a licensed physician or the county health officer stating that the employee is physically capable of performing his/her duties.

L. The hourly leave provision shall not remove bus drivers or monitors from part of an AM, mid-day, or PM route.

The Board shall continue his/her salary and benefits for the duration of the employee's absence provided it does not exceed ten (10) work days.

The Board shall continue his/her insurance benefits as specified in Other Fringe Benefits Article for the duration of the said absence provided the benefit does not extend beyond the current fiscal year or termination, whichever comes first. However, in the case of injury and disability occurring as a result of an assault as in the opinion of the School Board warrants it, additional emergency sick leave may be granted for such term and under such conditions as the School Board shall deem proper. If Worker's Compensation is paid to the employee, he/she shall return the Worker's Compensation to the School Board. In case of an assault on an employee in the performance of his/her duties causing damage to his/her personal property such as clothing, glasses, etc., the Board may make an equitable financial adjustment with the employee.

Section 6.

Principals/designees may meet with the bus driver/monitor for their particular school as the principal or bus drivers/monitors deem necessary at a mutually agreed upon time to discuss bus problems.

Section 7.

Bus drivers shall use discretion when stopping at places of business during their driving breaks between trips. Bus drivers shall not stop at places of business when children are aboard the bus except in cases of field trips and weekend or extra-curricular trips or in case of emergency. With exception of fueling the bus, following the last morning and last afternoon trips the bus shall be returned without stops to its authorized storage place.

Section 8.

Bus drivers shall not deviate from their assigned bus routes and stops without the permission of the transportation supervisor except in the case of emergency.

Section 9.

- A. Drivers who run out of fuel during a run due to negligence may be suspended without pay for one (1) day.
- B. When the garage mechanics are aware that a gas gauge does not function properly and that it cannot be repaired, the mechanic will place a sticker on the dash of the bus warning of the defective gauge.

Section 10.

Drivers shall abide by all rules and regulations of state law.

Section 11.

Employees must participate in all required professional development training programs.

Section 12.

Drivers must maintain an acceptable driving record in the operation of personal vehicles as well as county owned vehicles as this affects their insurability as school bus drivers.

Section 13.

- A. Drivers and monitors are under the direction of the principal or his/her designee while transporting students to and from school, and loading and unloading students on school grounds. Accordingly, they should follow the instructions given by the principal or his/her designee. If the driver or monitor has concerns or problems because of following these instructions, they should report them to the Director of Transportation.
- B. Requests for individual student behavior reports will be completed when initiated by the principal or his/her administrative designee. Requests other than for individual students should be channeled through the Director of Transportation and approved by him/her before implementing said request.
- C. No principal or designee shall request removal of a driver/monitor from said school/schools until a meeting has been concluded with the school administration, driver/monitor, transportation management, and union representative if requested by the member.

Section 14.

- A. A call to report an absence must be made before the employee's regular starting time. As much advance notice as possible is desirable, even if it involves calling the designated person at night or on a weekend. In the event an employee is unable to call the appropriate person, a spouse or family member will notify the designee of the employee's inability to report to work. It shall not be required that the employee call in sick on a daily basis, if an estimated date of return is on file with the Transportation Department.
 - B. Prior to returning to work, the employee will notify the Transportation office by telephone, no later than thirty (30) minutes prior to report time, of his/her intent to return. In the event of extenuating circumstances making it impracticable for the driver to call thirty (30) minutes before report time, the driver will notify the Transportation office in sufficient time to cancel the substitute driver.
- Failure to do so will constitute one (1) day personal leave, with pay, to be deducted from the driver's record. Personal leave without pay will be granted the driver in the event he/she has no personal leave with pay available. Additional violation of this provision shall constitute insubordination.

Section 15.

Principals will make an effort to keep bus ramps open at arrival and departure times. In the event a problem continues to exist at a particular school(s), a meeting will be held between the driver(s) involved, a representative of the Association if requested, the principal, and the transportation administrator to receive recommendations from the drivers for the solution to the problem.

Section 16.

A. If the total non-essential mileage between the driver's last A. M. school to the driver's home and to the first P. M. school is equal to or less than that to the compound (main or satellite), then the driver may be authorized to regularly drive the assigned bus to his/her home between runs provided there are no local ordinances, citizen complaints, or vandalism problems regarding the parking of the school bus.

B. Should a driver, who opts to take his/her bus home as described in A. above, require the use of his/her personal car due to personal business, the driver shall notify the appropriate person in the Transportation Department at least one (1) day in advance. In cases of extreme emergency, a driver may notify said designee on the same day, prior to leaving the bus.

C. It is understood that the bus will not be used for personal business or make any unauthorized stops.

D. When the assigned bus is being serviced or inspected from a satellite compound, a spare bus will be provided for the transportation back to the satellite compound.

E. The bus must be returned to its authorized storage area at the end of the day.

F. Any driver found violating any provisions contained herein shall not be allowed to drive their bus home for the remainder of the year.

Section 17. Waiting Time

A. Employees who are assigned a mid-day run shall be paid their regular hourly rate for the shortest waiting period either prior to or after the mid-day run and may be assigned job related tasks during this period of time.

B. For the purpose of mid-term, employees who have a waiting time due to early dismissals, for reasons other than the regular shortened Wednesday schedule, shall be paid their regular rate for the shortest waiting period, minus any make up time, prior to or after the early dismissal and may be assigned job related tasks during this period of time

Section 18.

A driver may be permitted to store his/her assigned bus at a satellite compound, providing space is available, if the non-essential mileage in three of the four situations listed below would be less than if stored at the main compound:

- A. Distance from A. M. storage to first stop
- B. Distance from A. M. school to storage
- C. Distance from P. M. storage to first school
- D. Distance from last stop to P. M. storage.
