Overview

This ensemble is dedicated to the finest performance of literature for symphonic band. Through our regular rehearsals, sectionals, and your thorough preparation, performances will exhibit a high level of artistic expression and quality. You were selected for this ensemble based upon your ability to master OMEA Class A music and work ethic demonstrated in your audition. Because of this level of music, daily individual preparation outside of rehearsal is expected. I highly encourage private study if you are able because you and the ensemble will benefit. This ensemble will perform several concerts and adjudicated events by the completion of the 2017-2018 school year. Please consult the attached schedule.

Course Requirements

In order for this ensemble to perform and learn to its fullest potential, every student will be responsible for the following:

- Be prepared for each rehearsal which includes: Instrument in good working order; Having all necessary mutes, reeds, etc; Bring all music in folder (numbered); A pencil on your stand; Daily individual preparation (home practicing); Uniform at performances; No unnecessary talking during rehearsals; Be on time and ready to learn; Proper posture is expected at all times; Percussionists must have required mallets. This **will** be assessed daily by the director. ***This is all part of your daily grade.***
- Attendance at all rehearsals, sectionals, and performances are mandatory. You will arrange your schedule accordingly. Failure to meet these expectations will result in you being moved to another ensemble. **The schedule is provided and is now YOUR responsibility.**
- Participation in Solo and Ensemble (at least 1 event). Honors students must perform a solo and in an ensemble. If you miss more than 1 ensemble rehearsal for S/E you will be replaced.
- Regular playing assessments. These assessments will be over required musical excerpts and scales. Assessments will be performed "live" in class or recorded. Musicians are expected to earn an equivalency of 92% on each assessment based upon the grading rubric. If this is not accomplished in the first try, students will have an additional retesting opportunity as listed in the schedule to accomplish this ensemble goal. The highest score of the required excerpt is your earned grade. Students who do not fulfill this requirement may be reassigned within the band program.
- A \$25 fine will be assessed if you fail to return your music folder with all the contents (sheet music, warm-up books). Every student shall be issued a folder with all the music. The contents of your folder are school property.

Principal Players (Section Leaders)

You are responsible for setting the "tone" in the section through attitude and performance preparation. Any section needs should be communicated from the principal to the director. Principal players (section leaders) initially earn this responsibility but must work and exhibit the proper work ethic in order to retain this honor. Changes may be made by the director as needed if principal players are not leading (through attitude and performance) on a daily basis. **Outside sectionals are required.**

Challenges

Students will be responsible for attaining any necessary music. Any of the current repertoire is "fair game" for the challenge. Students from the Concert Band can challenge into this ensemble just prior to the semester change. Challenges within the ensemble will occur as posted.
