The Art of Photographing Glass, Beads, Jewelry and Metal Clay

Have you felt frustrated when photographing the beauty and uniqueness of your glass, metal clay and jewelry art?

Do you want to sell your art, but you can't get good photos with your camera?

Need some help with your camera and lighting?

Solution:

The innovative Photography class will teach you simple techniques of proper product setup, composition, and lighting. The Photoshop section will demonstrate the software to showcase your work to the world.

Professional photographer and glass artist, Doug Baldwin, will be conducting this extremely valuable 2-day class.

You'll leave the class empowered to create photos as beautiful as the art you're photographing.

Please Note:

Students need to bring their DSLR camera, lens(es), tripod and a laptop.
