Hello

We are now coming to the point for the Run the Locomotive for an Hour to start.

First off I would like to thank you for signing up for this rare opportunity to run a real diesel Locomotive for an hour here at MRPS.

There are some things that must be done so we can do this. One you need to read and understand all the information we are sending in this email attachment. Next you have to pick several dates and times that would work for you. We also will have some classes held during the weekday if this is something that would interested you in doing please let us know, most likely the days would be Wednesday, Thursday but open to any if we have enough interest for the weekday class.

Next the program will be running here on the enclosed part of the property for the safety of us and the railroad workers. We want this to be fun and a safe event so please be ready and read all the information we are sending.

So here are the Dates

April 2, 17, 23, 24, 30

May 1

June 4, 5, 11, 12

As for the times for this we will be having two classes each day one at 9:00 am. and second one at 1:00 pm. For those who picked the weekday classes we need to know what your times available

You can contact me Steven Korpos Jr. phone 216-781-3629 and at midwestrailway@gmail.com

Thanks
Steve Korpos Jr
