Admissions

Preschool and kindergarten through grade 8 registration begins during the month of March. At this time, immunization, birth certificate, and custody papers (if applicable) must be presented. For admission to the preschool program, the child must be 3 or 4 years old. For admission to kindergarten, the child must be five years old on or before August 1. For admission to first grade the child must have had a kindergarten experience or have been waived from the requirement. Students who are not members of the parish are accepted if the classes are not filled. Non-Catholic students will be accepted if there is room and with the condition that they participate in the religion program.

Non-Discrimination Policy:

St. Joseph Catholic Schools admit students of any race, color, gender, national origin, ethnicity, and disability to all the rights, privileges, programs, and activities generally accorded or made available to students at the schools. St. Joseph Catholic Schools does not discriminate on the basis of race, color, gender, national origin, ethnicity, or disability in administration of its educational and admissions policies and any other school administered programs.

Confidentiality:

All employees and persons having access to school records shall keep information confidential. The purpose of this handbook is to summarize the requirements and safeguards that govern access to, and release of, student and personnel records and other information to individuals, agencies, and organizations within and outside Immaculate Conception School. This handbook also is intended to communicate key elements of nondiscrimination policies and procedures for Immaculate Conception School. The provisions of this handbook are consistent with the policies adopted by Immaculate Conception School.

ATTENDANCE

Regular attendance is essential if a student is to have success in school. Obviously, there are times when students cannot and should not be in attendance and their absence is reasonable. Otherwise, it should be a rare occasion that a student is not in attendance.

Excused Absences/Tardies

An excused absence/tardy is an illness, emergency, or unavoidable official appointment which has been verified with an authentic note signed by parents and/or appropriate authorities. Students are responsible to make up all work missed during the absence within a reasonable timeframe set by the teachers. Students are granted a time period equal to the number of days missed to make up missed work (excused absences).

Procedures for Full-Day Absences

When students are absent from school, the parent or guardian must call the school office before 8:00 AM to verify the absence and the circumstances. As a result of the Missing Child Act, if the school received no advance notice of a child's absence, we are required to notify the child's parents, guardian or other adult responsible for the child. Students must return with an authentic note signed by parents and/or appropriate authorities to count as an excused absence.

Unexcused Absences

When an unexcused absence fails to meet the above criteria, students are NOT permitted to make up any graded work missed during the absence. Therefore, any tests, quizzes, or assignments missed due to the unexcused absence result in an automatic zero in grades 5-8. Elementary teachers may use discretion. Parents are contacted in the case of an "unexcused" absence.

Excessive Absences

Absences beyond 10 days in an academic year must be accompanied with a note from a physician in order to be considered excused. Students with 6 unexcused absences will result in an attendance intervention plan.

Skipping School

Skipping or cutting classes is not tolerated. The following are examples of situations that will be deemed as skipping:

- Leaving the school property at any time during the school day without permission from a teacher or signing out at the main office
- Failure to report to any class throughout the school day
- An “unexcused” absence Consequences for skipping school are serious and may result in detention or suspension.

TARDINESS

A student is tardy if s/he is not in the classroom by 8:05 am and following the teacher’s classroom rules.

Tardiness is recorded in OptionC, on the student’s report card and on the permanent record card. Students arriving more than 15 minutes late must report to the office with an adult to “sign in”; students must also “sign out” when leaving for any reason.

½ day absence: A student is ½ day when arriving after 9:15.a.m. or leaving before 12:45 p.m.

Vacations:

Vacations which take a student away from their studies for an extended period of time are viewed as less than desirable for a sound education and are discouraged. It is impossible for a student to make up all the instruction given by teachers during the missed class time.

Parents are required to complete a Vacation Form at least one week prior to the absence. Each student is responsible to obtain and complete all make-up work when they return. Make up work must be turned in within 5 days upon return to school in order to receive full credit. If a vacation form is not on file in the school office, the absences are considered unexcused and no make up work will be allowed. The students will receive zeros for that missed work. No make-up work will be provided prior to the vacation absence.

CLASS INTERRUPTIONS

When children need to be taken from school for appointments and the like, or when something needs to be given to them, please stop first at the office. A member of the school staff will call for the child or deliver the item.

TRUANCY

A student is considered truant if they are missing from school without parental permission. Excessive truancy or excessive unexcused absences will result in interventions and consequences. Chronic and excessive truant or unexcused absences will require the active participation of the family and possibly legal authorities to remedy the situation.

DRESS CODE

******PLEASE NOTE: Through the duration of this dress code “School Colors” refer to the colors of black, brown, white, gray, and yellow only!***

Modesty is an integral part of the formation of the human person. At St. Joseph Catholic School our uniform policy is founded on the good and need of formation in modesty for all students. Modesty seeks to protect, uplift, and refuse to unveil that which should remain hidden, that is to say, the mystery and dignity of persons. “Modesty is decency. It inspires one’s choice of clothing. It keeps silence or reserve where there is evident risk of unhealthy curiosity. It is discreet.” (Catechism of the Catholic Church 2522).

The St. Joseph Administration reserves the right to determine whether specific items of dress distract from the learning process. All apparel and hairstyles must be appropriate to the school setting, must not draw unnecessary attention, and must not detract from the educational atmosphere of the school. For length of shorts, skirts, and dresses, we recommend that they are fingertip length. Fingertip length is when a student should be able to stand straight, arms by their side, and not have their fingertips reach past their shorts, skirt, or dresses.

Acceptable St. Joseph School uniform skirt, skort, shorts and slacks colors are plain (no ruffles, lace or other embellishments) black, brown, gray, tan, or St. Joseph’s plaid. No jeans of any color (other than jeans day), no yoga pants, no leggings unless worn with a skirt or jumper of appropriate length. - In all cases the pastor remains available as counsel to the Principal, teachers, parents and student and has the ultimate responsibility for expulsion.

SEARCH AND SEIZURE

For the safety and protection of all students within their care and custody, certified staff members have the privilege to search for and seize weapons or other dangerous or illegal objects in areas such as lockers, desks and books. Anything brought onto the school premises by a student in a book bag or on his/her person is subject to a search.

HARASSMENT

Unwelcome, vulgar or offensive racial or sexual innuendo, suggestive speech or conduct (visual, verbal or physical) can create an intimidating or hostile environment. St. Joseph School will not permit any such conduct on the part of teachers, staff, employees, students or anyone on the school premises. If the School authorities learn of any possible racial or sexual harassment, they will investigate any claim thoroughly and act promptly to correct the situation, as necessary.

CELLULAR PHONES/IPODS

Use of cell phones at school is prohibited. If a student needs to bring it to school for use before or after school, it must remain in the backpack (this includes field trips). Cell phones are also not permitted to be charged at school.

Violation of this policy will result in the following:

- **First offense** - Warning given to be signed by student, teacher and parents. Cell phone will be kept by the teacher and returned at the end of the day with the warning
- **Second offense** - Warning given to be signed by student, teacher, parent and principal. Cell phone will be kept in the office until picked up by parent.
- **Third offense** - Cell phone will be kept in the office and picked up by parent. Cell phone is banned from the school for the rest of the school year.

1:1 LAPTOP POLICIES

****Please Note: School "Technology Coordinator" referred to within this section is Mrs. Amanda Dixon.****

GOALS

St. Joseph School's 1:1 Laptop Program will offer every K—8th grade student an expanded set of new learning opportunities for both collaborative and self-directing learning. Each student will:

- Possess an integral learning tool to gain the 21st century skills required to excel and compete globally
- Be empowered by and engaged with the curriculum
- Increase his/her knowledge and understanding of technology
- Become constructors and designers of information and ideas

LAPTOP GUIDELINES

TERMS OF USE

Each student will be issued a laptop and accessories for school-related activities. He/she shall comply at all times with the St. Joseph School Student Technology Acceptable Use Agreement and the Laptop 1:1 Learning Guidelines. Any failure to comply may terminate his/her rights of possession effective immediately and the Principal may repossess the property. St. Joseph is the legal owner of the laptops and reserves the right to conduct random periodic checks to enforce the 1:1 Guidelines.

TROUBLESHOOTING & REPAIRS

Student laptops requiring repair of any kind must be brought to the school office with the completed Laptop Repair form immediately. Only the St. Joseph Technology Coordinator will troubleshoot, order needed replacement parts, and repair the laptop. If the repair requires the computer to be sent out for service, every effort will be made to provide a loaner until the student's laptop is available. To ensure loaners are available for students who need them, the students need to immediately pick up their repaired computer upon notification. Failure to do so may result in disciplinary consequences.

DAMAGE OR LOSS

If the assigned laptop is damaged or lost, the student will need to immediately file a Damage/Loss Report at the Principal's office. After an investigation to determine the circumstances of the damage/loss the student/parents may be:

- Responsible for paying the cost of repair for damaged laptop/case
- Responsible for pay the cost of replacing the laptop/case
 - The cost of replacing the laptop/case is \$350.00
 - This is subject to change with current pricing

Note: In any case of damage, loss, theft, or vandalism, students will complete a Damage/Loss Report. Once the Principal's office receives the signed Damage Loss Report, the student may then be issued a loaner.

REPOSSESSION

Students must turn in their assigned laptop, accessories, etc. and pay all outstanding fees when requested. If students do not comply with all terms of the St. Joseph School Technology Acceptable Use Policy and the 1:1 laptop Guidelines, including the timely return of the property, the school shall be entitled to declare the student in default and arrange to take possession of the property.

TERMS OF AGREEMENT

The student's right to use and possess the property terminates on the last office student day of the current school year, unless he/she is released earlier from St. Joseph School. If the laptop is not returned the cost of replacing will be charged.

APPROPRIATION

Any failure to return the property in a timely manner, and/or continued use of the laptop for non-school purposes without the school's consent will be considered unlawful possession of St. Joseph School's property.

COMMUNICATION

Each student will be assigned a school email address and Google account that will act as their way of communicating with teachers and staff. This should be checked regularly. Google will offer teachers and students a way to share ideas and learn from each other.

DELETING FILES

Do not delete any folders or files that you did not create or that you do not recognize. Deletion of certain files may result in a computer failure that may interfere with the student's ability to complete class work. If you are unsure about a file on your computer, ask the Technology Coordinator before deleting it.

The Internet can provide a wealth of information. Unfortunately, there can be inappropriate or potentially dangerous sites. All SJS computers have the SonicWall Filter. If inappropriate sites come through this filter, students should inform the Technology Coordinator immediately.

If students are allowed to take the laptops home to use, parents are strongly encouraged to monitor and be aware of their child's laptop activities. We suggest engaging your child in conversation about their laptop use. Ask questions, let them teach you!

INTERNET USE

Students and parents are asked to sign an internet use agreement which infers responsible use of this educational tool. Internet is available in all classrooms, in the computer lab and in the library in the elementary school.

St. Joseph School uses a technology protection measure that blocks or filters access to some World Wide Web sites that are not in accordance with the policy of St. Joseph School. This measure protects against Internet access by adults and minors to visual depiction that are obscene, child pornography or—with respect to use of computers with Internet access by minors—harmful to minors. Filtering may be disabled for adults engaged in bona fide research or other lawful purposes. To ensure enforcement of the policy, St. Joseph School will monitor use of technology resources through direct supervision, monitoring Internet use history, or various software and hardware tools.

USE OF COMPUTER NETWORK

The St. Joseph Catholic School District is pleased to make available to students access to interconnected computer systems within the District and to the Internet, the world-wide network that provides various means of accessing significant educational materials and opportunities.

In order for the School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one student’s misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the School’s teachers and other Staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

You will sign the Acceptable Use and Internet Safety Policy of the School District and the Data Acquisition Site that provides Internet access to the School District. Upon reviewing, signing, and returning this Policy as the students have been directed, each student will be given the opportunity to enjoy Internet access at School and is agreeing to follow the Policy. If a student is under 18 years of age, he or she must have his or her parents or guardians read and sign the Policy. The School District cannot provide access to any student who, if 18 or older, fails to sign and submit the Policy to the School as directed or, if under 18, does not return the Policy as directed with the signatures of the student and his/her parents or guardians.

Listed below are the provisions of your agreement regarding computer network and Internet use. If you have any questions about these provisions, you should contact the Principal. If any user violates this Policy, the student’s access will be denied, if not already provided, or withdrawn and he or she may be subject to additional disciplinary action.

PERSONAL RESPONSIBILITY

By signing this Policy, you are agreeing not only to follow the rules in this Policy, but are agreeing to report any misuse of the network to the Principal. Misuse means any violations of this Policy or any other use that is not included in the Policy, but has the effect of harming another or his or her property.

TERM OF THE PERMITTED USE

A student who submits to the School, as directed, a properly signed Policy and follows the Policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students will be asked to sign a new Policy each year during which they are students in the School District before they are given an access account.

ACCEPTABLE USES

Educational Purposes Only

The School District is providing access to its computer networks and the Internet for *only* educational purposes. If you have any doubt about whether a contemplated activity is educational, you may consult with the person(s) designated by the School to help you decide if a use is appropriate.

Unacceptable Uses of Network

Among the uses that are considered unacceptable and which constitute a violation of this Policy are the following:

- Uses that violate the law or encourage others to violate the law. Don't transmit offensive or harassing messages; offer for sale or use any substance the possession or use of which is prohibited by the School District's Student Discipline Policy; view, transmit or download pornographic materials or materials that encourage others to violate the law; intrude into the networks or computers of others; and download or transmit confidential, trade secret information, or copyrighted materials. Even if materials on the networks are not marked with the copyright symbol, you should assume that all materials are protected unless there is explicit permission on the materials to use them.
- Uses that cause harm to others or damage to their property. For example, don't engage in defamation (harming another's reputation by lies); employ another's password or some other user identifier that misleads message recipients into believing that someone other than you is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, "trojan horse," "time bomb" or other harmful form of programming or vandalism; participate in "hacking" activities or any form of unauthorized access to other computers, networks, or information systems.
- Uses that jeopardize the security of student access and of the computer network or other networks on the Internet. For example, don't disclose or share your password with others; don't impersonate another user.
- Uses that are commercial transactions. Students and other users may not sell or buy anything over the Internet. You should not give others private information about you or others, including credit card numbers and social security numbers.

Netiquette

All users must abide by rules of network etiquette, which include the following: Be polite. Use appropriate language. No swearing, vulgarities, suggestive, obscene, belligerent, or threatening language.

- Avoid language and uses which may be offensive to other users. Don't use access to make, distribute, or redistribute jokes, stories, or other material which is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, or sexual orientation.
- Don't assume that a sender of email is giving his or her permission for you to forward or redistribute the message to third parties or to give his/her e-mail address to third parties. This should only be done with permission or when you know that the individual would have no objection.
- Be considerate when sending attachments with email (where this is permitted). Be sure that the file is not too large to be accommodated by the recipient's system and is in a format which the recipient can open.

INTERNET SAFETY

- **General Warning: Individual Responsibility of Parents and Users.** All users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-ages pupils. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guide of materials to shun. If a student finds that other users are visiting offensive or harmful sites, he or she should report such use to the person designated by the School.
- **Personal Safety.** Be safe. In using the computer network and Internet, do not reveal personal information such as your home address or telephone number. Do not use your real last name or any other information which might allow a person to locate you without first obtaining the permission of the supervising teacher. Do not arrange a face-to-face meeting with someone you "meet" on the computer network or Internet without your parent's permission (if you are under 18). Regardless of your age, you should never agree to meet a person you have only communicated with on the Internet in a secluded place or in a private setting.
- **"Hacking" and Other Illegal Activities.** It is a violation of this Policy to use the School's computer network or the Internet to gain unauthorized access to other computers or computer systems, or to attempt to gain such unauthorized access. Any use which violates state or federal law related to copyright, trade secrets, the distribution of obscene or pornographic materials, or which violates any other applicable law or municipal ordinance, is strictly prohibited.
- **Confidentiality of Student Information.** Personally identifiable information concerning students may not be disclosed or used in any way on the Internet without the permission of a parent or guardian or, if the student is 18 or over, the permission of the student himself/herself. Users should never give out private or confidential information about themselves or others on the Internet, particularly credit card numbers and Social Security numbers. A supervising teacher or administrator may authorize the release of directory information, as defined by Ohio law, for internal administrative purposes or approved educational projects and activities.

- **Active Restriction Measures.** The School, either by itself or in combination with the Data Acquisition Site providing Internet access, will utilize filtering software or other technologies to prevent students from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors. The School will also monitor the online activities of students, through direct observation and/or technological means, to ensure that students are not accessing such depictions or any other material which is inappropriate for minors.

Internet filtering software or other technology-based protection systems may be disabled by a Supervising teacher or school administrator, as necessary, for purposes of bona fide research or other educational projects being conducted by students age 17 and older.

The term “harmful to minors” is defined by the Communications Act of 1934 (47 USC Section 254 [h] [7]), as meaning any picture, image, graphic image file, or other visual depiction that

- taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals;
- taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

PRIVACY

Network and Internet access is provided as a tool for your education. The School District reserves the right to monitor, inspect, copy, review and store at any time and without prior notice any and all usage of the computer network and Internet access and any and all information transmitted or received in connection with such usage. All such information files shall be and remain the property of the School District and no user shall have any expectation of privacy regarding such materials.

FAILURE TO FOLLOW POLICY

The user’s use of the computer network and Internet is a privilege, not a right. A user who violates this Policy, shall at a minimum, have his or her access to the computer network and Internet terminated, which the School District may refuse to reinstate for the remainder of the student’s enrollment in the School District. A user violates this Policy by his or her own action or by failing to report any violations by other users that come to the attention of the user. Further, a user violates this Policy if he or she permits another to use his or her account or password to access the computer network and Internet, including any user whose access has been denied or terminated. The School District may also take other disciplinary action in such circumstances.

WARRANTIES/INDEMNIFICATION

The School District makes no warranties of any kind, either express or implied, in connection with its provision of access to and use of its computer networks and the Internet provided under this Policy. It shall not be responsible for any claims, losses, damages or costs (including attorney's fees) of any kind suffered, directly or indirectly, by any user or his or her parent(s) or guardian(s) arising out of the user’s use of its computer networks or the Internet under this Policy. By signing this Policy, users are taking full responsibility for his or her use, and the user who is 18 or older or, in the case of a user under 18, the parent(s) or guardian(s) are agreeing to indemnify and hold the School, the School District, the Data Acquisition Site that provides the

computer and Internet access opportunity to the School District and all of their administrators, teachers, and staff harmless from any and all loss, costs, claims or damages resulting from the user's access to its computer network and the Internet, including but not limited to any fees or charges incurred through purchases of goods or services by the user. The user or, if the user is a minor, the user's parent(s) or guardian(s) agree to cooperate with the School in the event of the School's initiating an investigation of a user's use of his or her access to its computer network and the Internet, whether that use is on a School computer or on another computer outside the School District's network.

UPDATES

Users, and if appropriate, the user's parents/guardians, may be asked from time to time to provide new or additional registration and account information or to sign a new Policy, for example, to reflect developments in the law or technology. Such information must be provided by the user (or his/her parents or guardian) or such new Policy must be signed if the user wishes to continue to receive service. If after you have provided your account information, some or all of the information changes, you must notify the person designated by the School to receive such information.

LITURGY AND WORSHIP

MASS

All children in grades kindergarten through eight attend Mass once a week (Wednesday morning at 8:30 am) and on holy days and special feasts. The teachers work with the students to prepare meaningful liturgies. You are always welcome to attend any of the student Masses.

SACRAMENTS

Children in the second grade receive the Sacrament of Reconciliation and the Holy Eucharist. At the present time, Confirmation is administered to students in Grade 8. If you have a child in a sacramental program, you are expected to participate in a certain number of parent meetings in order to help you prepare your child to receive that respective sacrament.

SERVERS

Boys and girls in Grades 3-8 are given the opportunity to be a Mass server. Training is given to boys and girls before they become servers.

MISSIONS

All students are encouraged to be generous in contributing to the missions. Monthly Buck-A-Jeans Days, and mission boxes during Lent are means of supporting missionaries.

CURRICULUM

Our teachers use the Common Core Courses of Study for all subjects. These Courses of Study have the approval of the Ohio Department of Education as well as the Superintendent of the Toledo Diocese. Students receive quality instruction as teachers guide them through student objectives in religion, social studies, science, spelling, health, language arts, reading, mathematics, music, art, handwriting, and physical education.

Qualified students may elect to take high school Algebra offered at St. Joseph School and/or Spanish I at Monroeville High School, if offered.

REMEDIATION

Each classroom teacher is responsible to provide intervention when students have difficulty learning the student objectives. If this intervention involves the services of an Auxiliary Services teacher, parents are notified when such services need to begin. Should a parent/guardian refuse to begin or continue such services, s/he will need to sign a form indicating the school's responsibility to provide intervention and his/her simultaneous refusal to accept this form of intervention.

ASSESSMENT

The Diocese conducts:

- Assessment of Religious Knowledge (ARK) for grade 2-8 AND all staff
- MAP Assessments for grades K-8

HONORS

Students in Grades 2-8 achieve First Honors with all A's in subjects taught on a daily basis (Religion, Math, Language Arts, Science and Social Studies); Second Honors with A's and B's in the same subject areas. Third Honors with A's and B's and one C in the same subject areas. Students in Grades K-1 do not receive letter grades.

The Principal's Award recognizes students who go above and beyond to meet the 20 St. Joseph School Essentials in ALL classes. The Principal's Award is given to students in Grades K-8.

Improvement Honors are given to students who have shown improvement from one quarter to another by moving up from one honor to another or earning honors after not earning honors the previous quarter.

Each year the faculty selects one outstanding eighth grade student to receive the St. Joseph Award. The selection process is conducted based on set criteria and on an anonymous basis.

REPORT CARDS—MID-TERM REPORTS—CONFERENCES

You are able to follow your child/children's grades and progress by viewing OptionC. Report cards are given every quarter. Written progress reports are available in OptionC every mid-quarter.

It is very important that there be open communication between parent and teacher. If there is a concern about your child or with what is happening in the classroom, arrange to speak with the classroom teacher immediately. Only after consulting with the teacher would you next contact the Principal. Speaking with the pastor would be a final step if it needs to be taken.

Grading Scale: (Grades 3-8)

A (93-100)

B (85-92)

C (77-84)

D (70-76)

F (69 and below)

HOMEWORK

Homework extends and reinforces the learning begun at school. Parents can do much to promote good study habits by providing a definite time and place for study. The amount of homework a child has will vary according to grade level. A child in Kindergarten and grade 1 should have 10 minutes, grade 2– 20 minutes, etc. and goes up 10 minutes per grade level. By the time a child is in 8th grade they should be spending 1 hr 20 minutes on homework.

GRADUATION

A Toledo Diocesan Schools Diploma is awarded at the end of the 8th grade if the student satisfactorily completes the academic course of study. Non-payment of charges may be sufficient basis for refusing to award a diploma when proper steps have been taken on the part of the school to notify the home of the situation.

Promotion/Retention/Placement:

A student shall be retained if he has two failing averages in major subjects in a semester. Parents/guardians will be notified and consulted in a reasonable time prior to the decision to retain a child. However, the right to retain a student at a certain level is dependent on the school's judgment and, therefore, the parents'/guardians' permission is not required. Placement of a student in lieu of retention may be considered after consultation with the principal.

SPECIAL SERVICES

REMEDICATION

Students who need extra assistance in the basics of reading will benefit greatly from the assistance of the auxiliary service personnel. Classes are held in the Learning Center.

SPEECH THERAPIST

Students needing speech or language therapy have the opportunity of receiving this service through our speech therapist who conducts all of her classes in the Learning Center.

SCHOOL NURSE

Hearing, vision and scoliosis screening are available through a contract St. Joseph School has with the Huron County General Health District.

HEALTH/ILLNESS/SAFETY

IMMUNIZATIONS

The laws of the State of Ohio require that all pupils be successfully immunized against poliomyelitis, diphtheria, rubella, pertussis, tetanus, measles, and mumps. A parent must give written evidence that their child meets or exceeds the minimum immunization requirements. This is usually done at first entry into St. Joseph School.

Prior to entering the 7th grade, students must have documentation of two doses of live measles, mumps and rubella vaccine. A student who presents laboratory evidence of immunity to all three diseases shall be exempt from the second dose requirement.

Incoming Preschool students must provide a physician's statement that the child is in suitable condition for enrollment in the program.

IN-SCHOOL MEDICATION

Ohio law (3313.713) prohibits school employees from administering any non-prescriptive over-the-counter drug, even aspirin. School personnel may administer drugs/medication only when BOTH PARENT AND PHYSICIAN have signed their consent, and the medication comes in the original prescriptive container. Under these circumstances aspirin, for example, would no longer be considered an over-the-counter drug and could be given only to students who have brought in the proper signed consent forms and have a personal supply at school. Cough drops or throat lozenges are allowed *with a signed note by parents*. K-3 will keep them in their classrooms for teacher distribution and students in grades 4-8 may keep them in their desks or lockers.

Forms for signature are available in the school office. All medication must be kept in the office—not in the classroom. (cf. Huron County General Health District Health Manual)

IN-SCHOOL ILLNESS OR EMERGENCY

In case of illness or emergency, the parents or authorized persons will be notified through the office to come for the child. Parents must report to the school office before taking the child.

No child may leave the school grounds during the school day without written permission from his/her parents and approval from the Principal. Students may be released for medical-vision-dental appointments only if they have a note signed by the parents. This note is to be shown to the teacher and then given to the office. Children should be picked up at the office for these appointments. All students **MUST** sign in or out at the school office.

***We encourage parents to make appointments after school hours so the learning process remains uninterrupted.

EMERGENCY MEDICAL FORM

All parents, according to State Law, must complete an emergency medical form and have it returned to the school within the first three weeks of each academic year. It is very important that the school be informed immediately of a change in address or phone number. In an emergency the procedure outlined by the parent on this form will be followed. No child will be released from school if s/he is ill unless the parent is notified and makes arrangements to pick up the child.

SAFETY REGULATIONS

FIRE DRILLS

Students are to familiarize themselves with evacuation routes and procedures which are posted in all rooms of the building; exit the building in silence; maintain single file lines and remain with the class.

LOCK DOWN

When a Lock Down is announced, all students and staff are to lock themselves in the classroom or other designated area, remain silent, and out of sight until an all clear announcement is made by an administrator.

TORNADO DRILL

Tornado Drill procedures are posted in each classroom. In the event of a drill or actual emergency, proceed in an orderly manner to the designated area. Personal protection is important. FIELD TRIP DRIVERS

Due to regulations passed down from the Diocese of Toledo, any parent that would like to drive students on a field trip or volunteer at the school in any capacity in which there will not be a teacher present at all times, must complete classes, background checks and fingerprinting. This certification will cost \$25.00 which is reimbursable upon request and it remains valid for 5 years. Please see or call Mary Ivory in the parish office at 419-465-4142 to schedule these requirements.

GUM

Students are not to chew gum at any time during the school day.

Outside Drinks

St. Joseph School does not allow outside food or drink to be brought into the school building. This does NOT pertain to bringing your healthy snack for break in your lunch box or bringing your lunch. Students can bring in birthday snacks to share with their classmates for their birthday. Students are able to use a refillable water bottle.

CLASS PARTIES

Usually room representatives arrange with the teacher for a simple treat for the children at Halloween, Christmas and Valentine's Day. Extra or surprise parties need the permission of the Principal. Nutritional treats are encouraged. Classes do not hold parties for teacher's birthdays.

ACCESS OF RECORDS

Full rights of access to educational data are given to either parent unless there is evidence of a court order, state statute, or legally binding document relating to such matters as divorce, separation or custody that specifically revokes these rights.

It is the responsibility of the parent to make known to the school in writing who has the right to review and inspect records.

HARASSMENT

Harassment of any type is not tolerated. The principal investigates all complaints of harassment. Students involved in this behavior face detention, suspension, and/or expulsion.

FUNDRAISING

St. Joseph School conducts various fund-raising activities to help defray the cost of a faith-based Catholic education for each student. These are held throughout the year.

HOME-SCHOOL COMMUNICATION

On Thursdays, the youngest child in the grade school in each family takes home items in a family envelope. The envelope needs to be emptied, signed and returned to school the next day. Faculty members have school email addresses that may be used to communicate parental questions and concerns.

SCHOOL PICTURES

School pictures are taken each year in the fall. Information will be sent home before picture day. Purchase of the pictures is optional but if you wish to purchase them, payment must be in before pictures are taken.

SCHOOL LIBRARY

Students in grades K-8 will go to the school library with their class throughout the week. They will take a book out which will be due back in the following week. If a book is lost, the librarian will send a note home with the child to let parents know that the book is missing. If the book is unable to be found, the student/parents will be responsible to pay for the book. The librarian will find the cheapest version available in good condition and send a note home for that amount due to the school.

LOCKER USE

Lockers are provided in grades 3, 4, 5, 6, 7, and 8 for students to keep their jackets, gym bags, backpacks and lunches. No use of tape, glue or stickers will be allowed on locker.

FIELD TRIPS

Educational field trips are encouraged throughout the year. Transportation may be provided by Monroeville school busses or parent drivers. Teachers and chaperones carry emergency medical forms for all students participating in the field trip.

Students may be assessed a fee to cover the cost of the trip—if fees are charged.

All drivers must leave the school and the destination at an agreed upon time.

Signed parental/guardian permission must be given before students are allowed to participate in any field trip.

Because of space, only Middle School have the privilege of attending Homecoming Assembly at Monroeville School. Written parent permission will be required for this field trip.

Therefore, at the end of any quarter (9 weeks), students wishing to participate in sports for the following quarter must pass 75% of their courses. We will also correlate our eligibility requirements with the Monroeville Public School requirement which require a 1.3 grade average along with the 75% requirement. Fourth quarter grades determine eligibility for the first quarter of the following term except in the case of incoming seventh graders.

EXTRA CURRICULAR ACTIVITY DISCIPLINE CODE

Students participating in any extra-curricular activity associated with the Monroeville Public Schools will be expected to abide by the “Extra Curricular Activity Discipline Code” of the public school as well as St. Joseph Catholic School Rules.

Request must be accompanied by a parent signature, giving permission for the release of records. School tuition must be paid in full in order for academic records to be transfer.
