### *Frequently Asked Questions*

**Samples:** We offer samples of all our products. Please contact us for a tasting.

**No upfront cost or expenses:** No down payments or upfront contracts. Use your social media accounts to help boost sales and reach more people. Need help- ask for Justin on ways to help boost sales.

**Unique Incentives for the kids or parents:** We offer visa or amazon gift cards for those who reach the sales incentives goals at certain amounts sold. We also will offer all card winners a chance to win baseball season tickets and many more cool prizes.

**Payment:** We accept one team check or cash.

**How long should the sale last?** We recommend at least 3 weeks and use the old fashioned door to door in your neighborhood approach with a parent as well as social media and sticking it on an office door for co-workers.

**Delivery times:** We require two weeks from the time the order forms have been turned in or completed online through our website. You will get a confirmation code for turning in the forms or an email.

**Handing out the delivered food items:** We recommend having one person in charge of collecting the forms and handing out the food. You will receive labeled boxes and their forms will be attached.
