

It's Always A Foot Tapping...Hand Clapping...Coyote Howling...Good Time!

During his 2018 Cowboy Music For Kids show, Marshall will lead children along the trail of cowboy life with fun and interactive songs and stories that emphasize good character traits, self-esteem, and the importance of reading and education. They will imagine being out on the open range, riding herd on their trusty pony, and eating cowboy grub... then they'll head back to town... where the Library Will Rock and readers will roll on in and make their moves to Marshall's cowboy and cowgirl tunes.

Marshall has performed his programs for over 54,000 elementary school age kids in multiple states, and he continues to expand his performance circle each year. Audiences of all ages enjoy Marshall's music and his message!
