

April 14, 2022

Greetings from Midway Nursing Home,

As you are aware, Midway Nursing Home is a strictly Kosher facility. Kosher Dietary Laws for Passover brings additional preparation and rules.

All food brought into the facility from the outside must be delivered to, stored, and consumed in the Family Room which is to the left of the main entrance. This is the facility's designated "non-kosher" room.

During other times of the year, Kosher food items may be brought into the facility with the Rabbi's review and permission, however, due to specific Passover adherence, ALL food items whether labeled Kosher or not must be delivered to, stored, and consumed in the Family Room during Passover.

Passover begins on Friday, April 15<sup>th</sup> and concludes on the evening of Saturday, April 23<sup>rd</sup>. During this time, we ask all staff, residents, and visitors to limit or refrain from bringing any food items into the facility to assure observance to the Passover Kosher Dietary Laws.

The Family Room will be secured during this time so that we can assure adherence. If you need to use the room, the key will be available at the front desk. Weather permitting, we will have a tent in the front of the building should you wish to enjoy food brought from outside the facility.

Please be advised that the vending machines have items available that are Kosher for Passover and may be consumed in the building. The Dietary Department has many specialty items and snacks available that are Kosher for Passover. Recreation will also have Kosher for Passover items for your enjoyment.

If you have any questions, please speak to the Social Workers or the Food Service Director.

Thank you
