

AVION

the light aluminum travel trailer... built to outlast them all!

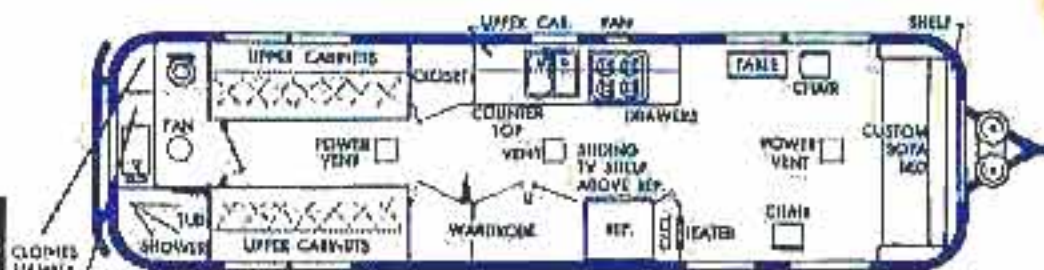

Follow the sun to your dream destination — the big, bold, beautiful Imperial will take you there in style. This majestic travel trailer is sensibly dimensioned to accommodate a family of four, yet is expandable to sleep six. The interior is tastefully appointed with an extra large kitchen, handsomely crafted birch cabinets and modern bath facilities. Wherever you stop, you can "go native" with all the comforts of home — hot and cold running water... electrical facilities ... heat — without dependance on outside sources. And on the road, you'll marvel at the reassuring way the tandem axle Imperial keeps its poise — gliding with equal ease over bumpy backwoods trails or ribbon-smooth super highways. Yes, if you are looking for a travel trailer with this kind of easy ride... roominess ... reliability — then the AVION IMPERIAL deserves your serious consideration.

Imperial Standard and Optional Self-Contained Features are listed on Page 11.

AVION 30' IMPERIAL

*America's Luxury TRAVEL TRAILER
With Comforts-Of-Home Convenience*

MODEL 1-30TB In Either Model

Your choice of custom dinette (converts to double bed) or deluxe custom built-in Polyfoam sofa bed (converts to double bed), table and two chairs.

Elegance and spacious comfort surround you in IMPERIAL interiors. Nice galley worktops, built-in range and oven, birch cabinets, folding door between kitchen and bedroom, a modern bath just a step away from the bedroom area — all this is typical of superb Avion craftsmanship.

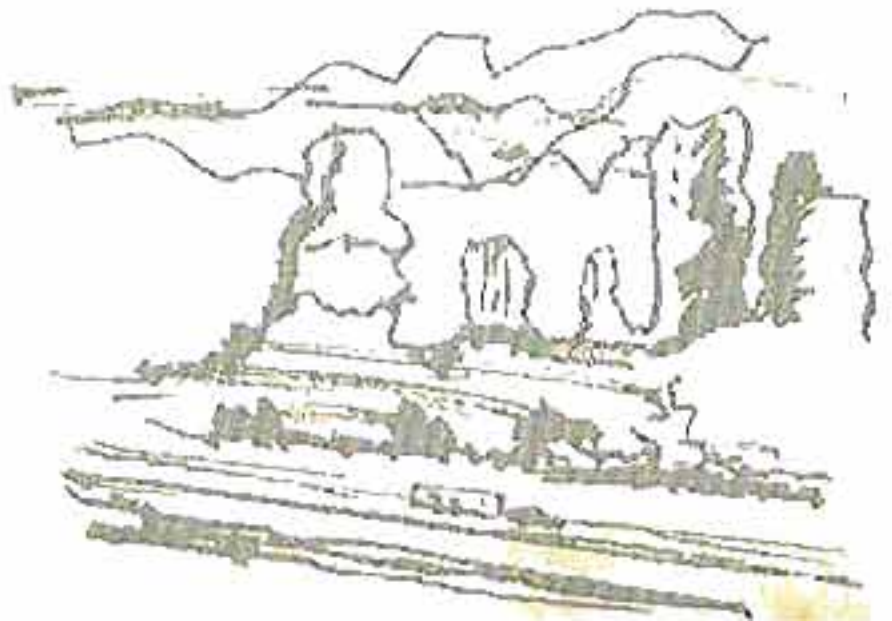

Know the real joys of pleasure-traveling in your AVION IMPERIAL 30-foot travel trailer... truly a house-on-wheels with all the roominess and restful comforts and conveniences that American travelers-on-the-go require. No grander way to tour the U. S. A. — and foreign places, as well — than in your very own Avion home!

PHOTOGRAPH BY TOMAS FREEMAN

Designed with travelers in mind, the IMPERIAL features spacious interiors, tastefully decorated to please the eye and ease the body. Loads of room to work and rest and enjoy the freedom of the open road.

Just as the name implies, the AVION TRAVELCADER is made to order for those with wanderlust in their hearts. Far-off places seem suddenly closer in this veteran mile-maker. Take it to the mountains and you can treat yourself to home-cooking on modern appliances. Park it in the sun-scorched desert and enjoy a cool shower at the turn of a knob. Stop on a barren backwoods trail and sleep four or six in the luxury of innerepring mattresses. You'll be impressed, too, with this Avion's sand-smooth roadability. Its low center of gravity and correct weight balance make you feel as though you were towing it on a sunbeam. No doubt about it—the TRAVELCADER can provide you with more pleasure and comforts per mile than you ever dreamed possible.

Travelcader Standard and Optional Self-Contained Features are listed on Page 11.

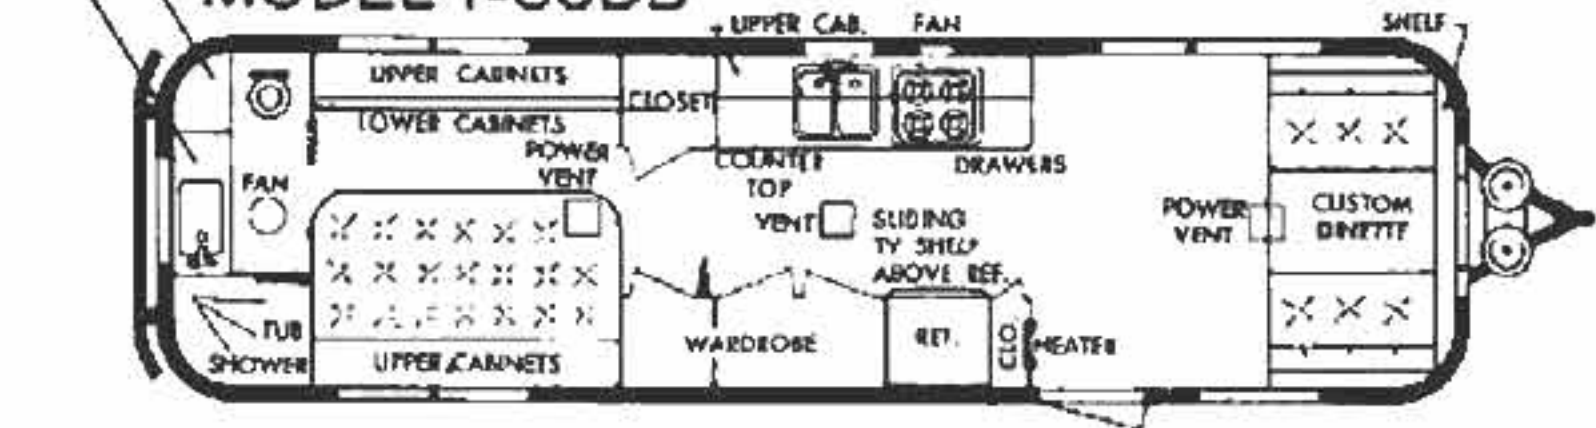

Smart styling and charming interiors are featured in the TRAVELCADER... custom built-in-sofa bed, (or dinette) completely equipped kitchens, vanitorum — everything designed to give your life a lift.

MODEL T-27DB

The hale and hardy HOLIDAY combines a zestful flair for traveling with a practical slant in comforts. It's quality-built for the budget-minded family of four, five...even six. Every foot is utilized to provide maximum living convenience in a minimum of space. All of Avlon's famous features are here — roomy bath with tub, shower, toilet and vanity with drawers and hamper...choice of twin or double beds...deluxe refrigerator...built-in range and sink...choice of ultra-modern sofa bed or utility dinette. These and many other self-contained HOLIDAY features eliminate costly motel and meal bills, tips and timetables, tedious packing and unpacking. As with all Avions, the handsome HOLIDAY has featherlight aluminum construction, dynamic roadability and husky oversize brakes. So, for your next travel excursion, hitch up your HOLIDAY and take along the whole tribe. Here's a family trailer that will give you (and your kids) a lifetime of travel pleasure.

*Holiday Standard and Optional Self-Contained
Features are listed on Page 11.*

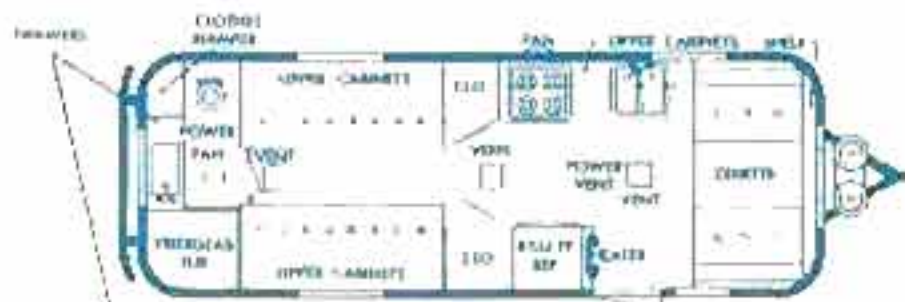

*Meals are marvelous in this Avion
dINETTE arrangement. For sleeping, table
drops to bridge sofas, and presto —
you have a deluxe double bed.*

AVION HOLIDAY 24'

MODEL H-24TB In Either Model

Your choice of custom dinette (converts to double bed) or deluxe custom built-in Polyfoam sofabed (converts to double bed), table and two chairs.

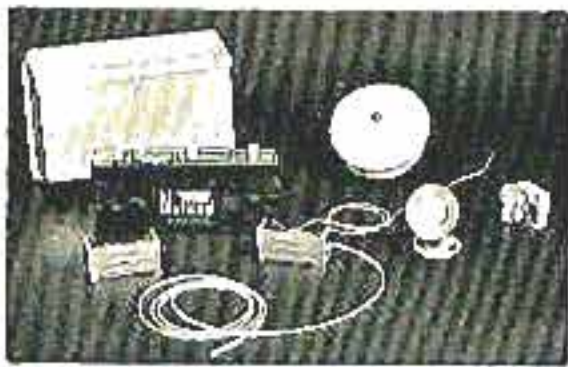

MODEL H-24DB

The TOURIST was developed to sleep four... and this 20-foot miracle of traveling pleasure is jam-packed with facilities normally found in larger Avions. Full bath, large closet, overhead shelf space galore, built-in oven and range top, refrigerator, dinette and the most ingenious convertible polyfoam sofa and bed you could ever imagine and available with complete self-containing features as optional. The TOURIST, as its name implies, is really a traveler.

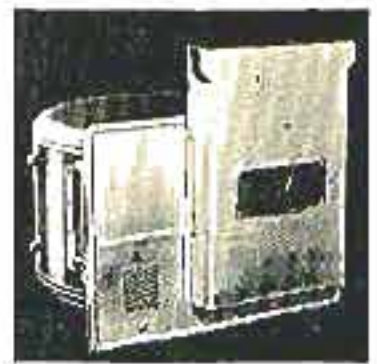

A luxurious Gaucho lounge by day with lots of living space—makes up into a double bed, assuring restful sleep every night.

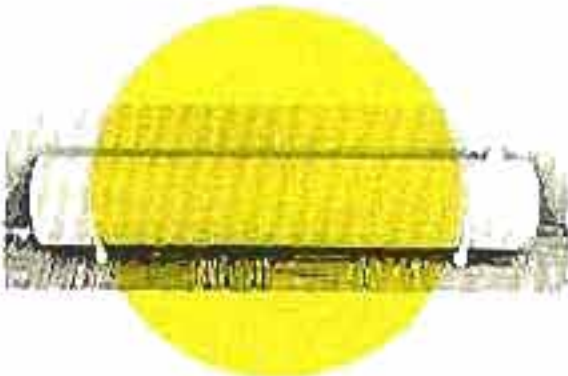

Avion 12-volt Lighting System — operates a 50-watt 12-volt bulb for 15 hours. Battery can be charged from car voltage regulator. Fiberglass battery case mounts up from behind bottle tanks.

Air Pumps — Grover compressor maintains water pressure... operates automatically when wired to Avion's 12-volt battery lighting system.

Bowen Gas Water Heater — 10-gallon capacity, automatic pilot light ignition, installed under rear bunk. A. G. A. approved. Available in all models.

Pressure Water Tank — A "must" for off-the-beaten-path travel. 20 gallon aluminum tank fits easily through an exterior spout, or at hose supply receives pressure manually or automatically. Mounts at floor below front window in all models.

Custom-Engineered — Septic Tank takes the "roughing it" out of wilderness travel. 9 gallon Fiberglass tank allows user to flush marine stool approximately 20 times before draining.

Braund Television Antenna — is mounted on Avion exterior, rotates from inside, folds conveniently for road travel. A high quality antenna that gives excellent fringe area reception.
