

Advanced Holistic Professional Certification

With Katie Malloy Ramaci

This program is an opportunity to further develop your holistic profession. It is open to those who are ready to expand their capacity to facilitate healing on a much deeper level. The program focuses on utilizing energy work to take the client (and yourself) into areas that can resolve trauma, limited perspectives, familial patterns, karma, and shadow parts. Through several processes, we will delve deeper to gain a greater connection to self and insight into areas that restrict our life, health, souls development, abundance, relationships, peace and life path. We begin to work with the more challenging aspects of self and understand the lessons and needs that keep sabotaging our goals. We embrace and strengthen our connection to our Divine Beings and Higher Selves to bring more love and compassion into our daily living and our holistic profession.
