

- Volunteers live longer and are healthier
- Volunteering establishes strong relationships
- Volunteering is good for your career
- Volunteering is good for society
- Volunteering gives you a sense of purpose

Volunteers are the lifeblood of LKN We Care Foundation, providing crucial services that are vital to the Foundation and helping improve the well being of its clients. Every day, willing volunteers donate their time and energy so that LKN We Care can fulfill its mission of providing essential behavioral healthcare services.

Filling a wide variety of roles throughout the Foundation, the impact of volunteers extends beyond the immediate needs that are met. Whether you are helping with Fundraising and Donation Efforts, Office Management, Graphic Design, Grant Writing, Marketing, and/or helping Develop, Implement, and Attend Special Events your generosity leaves a lasting impression on all those we serve.

Make a Difference: Please Email To Volunteer Today!
