On this date _____ the above puppy has been sold as:

 spayed or neutered companion with limited registration full registration with breeding and show rights**Guarantee of Good Health**

1. On this date, the breeder has guaranteed that the puppy has been checked by a licensed veterinarian and is in good health to the best of our knowledge. Buyer has 72 hours to have the puppy examined by their licensed veterinarian. Once your veterinarian has verified that the puppy is healthy, the breeder assumes no further responsibility for the condition of the puppy. The buyer now assumes the responsibility to carry on with the appropriate care, feeding, and scheduled vaccinations. All sales are final.
2. The Breeder warrants that the puppy has been dewormed and vaccinated according with its age.
3. We make no warranty for the following conditions, which are common in dogs: skin allergies, ear mites, intestinal bacteria or parasites, hernias, eye ulcers or stress.
4. We are not responsible for any veterinarian fees, including examinations, x-rays, drugs or other treatments.
5. There is no guarantee on the size or color of the puppy, disposition, show quality, or breeding ability. This cannot be determined at such a young age.
6. Undescended testicles and incorrect bite are also not covered.

1 Year Genetic Disorder Warranty

Within one year of purchase, should your licensed veterinarian finds any genetic problems, which make the puppy a poor health risk, we will replace it with a puppy of equal value and sex when available. To qualify for this, you must notify us of the diagnosis the same day of the examination, and provide a signed statement from your veterinarian within 5 business days of the diagnosis showing the date the puppy was examined and found to be in poor health. The statement must include the symptoms and test results supporting his diagnosis. The Breeder shall not be responsible for any veterinarian, radiology, or laboratory fees or shipping charges to return the puppy.

Under no circumstance shall the buyer take this puppy to a shelter, or transfer registration to another person. Breeder has first right of refusal.

Acceptance of the dog constitutes acceptance of the contract.
