

# RSO Operating Procedure Manual Addendum

This addendum page will be used to clarify, modify or otherwise alter any previous information that appears in the current version of the Unaka Rod And Gun Club Rifle Range Operating Procedures manual. We will continue to update and distribute this document as needed until there are sufficient changes to warrant a full revision of the entire Rifle Range Operating Procedures handbook. All modifications are approved by the board of directors and are effective immediately. Any modification listed within this addendum will supercede any previously written rule, policy or procedure if there is a conflict.

-

03-03-2015:01: Restrictions on the use/placement of clay discs (pigeons) and clay disc holding target backers/stands. Clay discs may be placed on the pistol range 50 yard backstop, rifle range 170 yard backstop and rifle range 200 yard backstop. The placement on any backstop must not be higher than 5 feet. Clay disc holding target backer/stand may only be used when placed in an approved location.

Approved locations -

Pistol Range 50 yard base of backstop.  
Rifle Range 170 yard base of backstop.  
Rifle Range 200 yard base of backstop.
