

Growers experienced AMAIZING yields with our custom blends.

In a 2012 research study there was a 22.69 bushel/acre increase.

We will have you grinning from ear to ear. Be a corn-star with Western Crops & Soils custom blends.

Custom blend benefits are~

- Lower production costs
- Higher yields
- Improve germination rates
- Enhance nutrient uptake
- Increase crop production
- Harvest earlier due to accelerated ripening
- Decrease water usage
- No fish odor
- No tape clog
- No back flush
- No salinity increase
- Doesn't attract pests, rodents, insects or animals

We're looking for distributors!

Orders now available through Western Crops & Soils. New distributors & licensed applicators being considered. Contact Ross Ramsey for details.
