

## Winston-Dillard Area Chamber of Commerce

January 8, 2017

The 2017 First Citizens Banquet will be held on February 27, 2017, and we will once again honor the outstanding members of our community and the organizations that make Winston such a great place to live. We are seeking nominations for Male and Female First Citizen, Civic Award and Humanitarian Award.

The guidelines for nominations are as follows:

- *First Citizen*: a person who has shown service through community and civic activities, current and past contributions to community welfare and development.
- *Humanitarian Award*: a person who has contributed to the community in a meaningful way during the past year.
- *Civic Award*: an organization that has recognized a special need within the community, and whose work has had a beneficial impact on the citizens within the area.

As a nominator, your responsibility is two-fold: complete the application and keep the secret! Please provide as much detail as you can on the application, to distinguish your nominee from others: offices held, membership in associations, years on committees both civic and school, boards served — all you know about this person. Nominations may be submitted by organizations, churches or individuals. We ask when you nominate, you undertake other tasks — that of getting your nominee to go to the banquet without letting him or her know why you think it's important to be there; and to let the nominee's family know about the nomination, asking them to arrange to attend — all of this while keeping the nomination secret.

Please submit the nomination to this committee by **February 17, 2015** to the address below or leave at the Winston Visitor Center at 30 Glenhart St., Winston.

Thank you!
