Greetings All Team Members,

Well it is time to start our game. Time to start making those hoops (visits). Time to start reporting those hours.

I have not yet received the goals for the year, however, it is time to start reporting. Our new SUPREME chairman, Ruth Schoonover has a lot to go through from Janis Wimmer. Once she has a chance to send the yearly goals, I will forward them to you. So our reports will not reflect the correct percentage until that time.

For reporting this year, it is important that you use the Spreadsheet I sent you. It has each month at the bottom and you just click on that to advance to the new month. It makes it easier for me to calculate totals for the auxiliary and your personal hours. I will send those out to you today.

**** Remember reports are due no later than the 25th of each month.**

REMEMBER-Your auxiliary hospital chairman needs to be your point of contact and the person your report your hours to.

****REMEMBER our number one duty as MOCA members is hospital work. It is important to volunteer and report. We are the hospital workers for our organization. The patients need us more now than ever.**

Below is a list of the remaining brothers and sisters from auxiliary 20 that are looking for a home. Please reach out to these members.
