January 27, 2017

To the Sherburn and Welcome City Councils,

Enclosed is the 2016 Annual Report for the Sherburn/Welcome Police Department. The report will serve as an overview of the activities that the department was involved in over the last year as provide statistics from calls for the year and comparisons to prior years.

**Calls for Service**

The department logged 2,000 calls for service in 2016. This set a new record for the department for the number of calls in a year. The highest previous number of calls was 1,866 which occurred in 2014.

The types of calls remained relatively unchanged from prior years. The department responded to 812 calls in the City of Sherburn and 970 calls in the City of Welcome. Additionally, the department assisted or responded to 165 calls outside of either city. These would include motorist assists, motor vehicle accidents, traffic stops and serious incidents such as domestics that occurred in county or in Trimont, Dunnell or Ceylon. From a percentage standpoint, approximately 41% of the calls where in Sherburn and 48% were in Welcome with 11% being outside either community. This marks the first time that a higher percentage of calls were in Welcome, however, this stems from Welcome residents and businesses utilizing the security check program that the department offers.

Response time for the department for the year averaged approximately 4 minutes and 50 seconds. This is very low

considering that the department covers two communities; however, traffic stops are factored into this number so this skews the average slightly. In any event, I feel the response time for the department is excellent and we will strive to continue this in 2017.

### **Vehicles**

The department logged 58,609 miles in 2016. These miles were split between all the department vehicles. Currently the department has a 2011 Crown Victoria, a 2013 Police Utility Vehicle and a 2015 Police Utility Vehicle. The 2011 Crown Victoria will be taken out of service later this year and replaced with the police utility vehicle. Ford discontinued manufacturing the Crown Victoria which is why the department is transitioning to utilizing Police Utility Vehicles. These vehicles are all-wheel drive which makes getting around during the winter months much easier than the rear-wheel drive Crown Victoria.

### **Personnel**

The department went through a few changes in personnel in 2016. Officer Joseph Hoffman was hired to fill the vacant full-time slot in January, but left after only one month for a new position that he had applied for at the same time he went through our hiring process. At that time, we chose to move Officer Dylan Post up from a part-time position to the full-time slot. Officer Post had applied for the opening as well and was one of the five finalists. This filled the full-time vacancy that we had since June of 2015 when Officer Nelson left the department.

The department added new part-time officers in 2016 including Officer Annie Pedersen in February and Officer Nicholas Smith in August. These officers are still currently with the department. Officer Kyle Brown was still with the department, however, he left earlier this month for a position with Watonwan County. The department will begin the process to add more part-time officers in the next few months, so some new faces will be seen soon.

## **Training**

The department collectively completed 169 hours of training in 2016. This includes training in areas that are mandated by the P.O.S.T. board such as Use of Force, Firearms qualification and Defensive Tactics as well as O.S.H.A. required training such as Blood-Borne Pathogens and Hazardous Materials training. Much of our training is completed through the use of P.A.T.R.O.L. which is offered through the League of Minnesota Cities; however, there were other trainings that were completed as well.

## **Department Web-site**

The department web-site has been up and running for four years now and we have received a great deal of positive feedback about the site. The department had 16,385 visits to the web-site in 2016 with the busiest month being September. That month alone generated over 2,000 visits in the month. We use the site to keep the communities informed about department activities and I recommend that you visit the site at your convenience. The address is [www.sherburnwelcomepolice.org](http://www.sherburnwelcomepolice.org).

The department also has a Facebook page that we utilize regularly to give those that follow us updates such as snow emergencies and road conditions as well as other information as it is warranted. The department makes every effort to keep the citizens as informed as possible and these two tools go a long way in helping us to accomplish this.

## **Activities**

We again conducted many of our regular activities that occur each year. The Bicycle Rodeo was held in June for children living in the school district. It was fairly well attended and a number of gift cards were given out to those children who were present. These gift cards are made possible thanks to the generous donation that is received each year by Truck Writers in Welcome.

We again assisted each community with their city celebrations. Sherburn's was held in June and Welcome's was in July. No major

issues occurred during either celebration and both events were considered a success.

As was stated earlier, the house watch program continues to grow in popularity. Over the course of the year, the department conducted 320 house checks for residents that were gone on vacation or who live down South during the winter months. In comparison, the department conducted 381 house checks during 2014, so the number decreased slightly in 2016.

### **2015 Projects**

2016 saw a number of projects that were undertaken by the department.

The department will finish implementing a program that was started in 2016 that will change the way evidence is tracked and stored that is in our possession. Software will be installed that will create a bar code that will be affixed to each piece of evidence collected and the location of the evidence will be logged in the individual case files in our reporting system. This offers better security and record keeping which is crucial not only in evidence tracking, but all government data today. The evidence room will be modified as well to allow a second locked area where firearms and controlled substances are kept.

As was stated earlier, we are also looking to add more part-time officers to the roster to help fill open shifts as they become available. Part-time officers are also utilized during city festivals and at other times in the year when extra personnel is needed. While there are no shifts dedicated on a consistent basis for part-time officers, having several available is important for this department as full-time officers take time off throughout the year and sometimes on very short notice. Having a number of part-time officers available better insures that shifts are able to be filled as needed.

If there are any programs or services that anyone can think of that the department could potentially provide, I welcome the suggestions at any time. It is important to us that we meet and exceed the expectations of the community and are always open to new ways that we can assist the public.

## Conclusion

I hope this gives a good idea as to what the department's activities were during 2016. As always, feel free to contact me if you have any questions or concerns. I hope everyone has an excellent 2017!!

Sincerely,

A handwritten signature in black ink, appearing to read 'Brad L. Hughes', with a long horizontal flourish extending to the right.

Brad L. Hughes
