2nd Annual ASCE Idaho Civil Engineering Conference

March 24th and 25th, 2020

Conference Website

CALL FOR PRESENTATIONS!

Submit a 1-page abstract and presenter bio to Lauren Nuxoll – lnuxoll@kittelson.com
Abstracts are due January 31st

Ed Miltner, P.E., Federal Highway Administration

Presentation on FHWA's Idaho Division and Bridge Program

Thursday, January 23rd, 2020

12:00 p.m. – 1:00 p.m.

Downtown US Bank Building – Room 200

RSVP: KipD@horrocks.com by January 21st

Ed will give an overview of FHWA's Idaho Division and several bridge program topics. These topics include: Bridge Asset Management, Bridge Performance, Bridge Inspection Program, and facts about the National Bridge Inventory with some emphasis on Idaho bridges. He will also provide a demonstration of the InfoBridge portal and how that tool can be used to obtain information about the Nation's public highway bridges. There will be time to ask questions as well.

Presenter Bio:

JANUARY SIS CIVIL AWARD RECIPIENT:

LYNN OLSON, P.E.

Lynn is currently the Advising Coordinator in the College of Engineering at Boise State University where she has worked since October of 2011, following a 13-year civil engineering consulting career with T-O Engineers. Over her career she has been active in technical and professional engineering societies, serving as an officer at all chapter and state levels for the Idaho Society of Professional Engineers, and promoting continued professional development for engineers. A committee member since the program began 16 years ago in 2004, Lynn has served as the Idaho Regional Future City Coordinator since 2010, promoting engineering as a career to Idaho middle school students. Over the last twenty year she has also volunteered with ISPE's Chapter and State MATHCOUNTS programs, as well as helping to recognize top engineering students at the ISPE SW Chapter Engineering Week banquet during National

NOMINATIONS ARE OPEN FOR ASCE-SIS ANNUAL AWARDS

Nomination forms are attached for the following awards:

- Engineer of the Year Award (8+ years)
- Young Engineer of the Year Award (1-8 years)
- Project of the Year (Greater than \$10 Million)
- Project of the Year (Less than \$10 Million)

Deadline: February 14th, 2020

Questions can be directed to:

Dan Zimmerman ASCE-SIS
Vice President

8653 W. Hackamore Drive
Boise, ID 83709

dzimmerman@stratageotec.com

Ed is the Structures Engineer for the Federal Highway Administration's (FHWA) Idaho Division Office. He provides stewardship and oversight of FHWA investments in state and locally owned bridge and tunnel assets in the state of Idaho. He works with the Idaho Transportation Department and Local Highway Technical Assistance Council in planning, design, construction, inspection, and operation of bridge and tunnel assets. Ed holds a Bachelor of Science in Civil Engineering from Cleveland State University and a Master of Public Administration from Boise State University School of Public Policy. He is a registered Civil Engineer with nearly 20 years' experience in highway engineering.

Engineers or E-week each February. She has served for the last five years on the Southwest Idaho Society of Women Engineers (SWE) Scholarship Committee, and is the current secretary/treasurer for SWI SWE. As an adjunct faculty, she has taught Boise State's College of Engineering Introduction to Engineering Lab off and on since fall of 2011. Lynn has coordinated 3 National Science Foundation S-STEM Scholarship programs for the College of Engineering helping students to pursue careers in engineering. She has a B.S. in Civil Engineering from Gonzaga University, and is a licensed professional engineer in Idaho.

Know an outstanding engineer that deserves to be recognized? *Nominate them for this month's SIS Civil Award!* Both members and non-members that live within the Section boundaries can be recognized for:

- Contributing to any of the goals set forth by ASCE
- Community Service
- Society Involvement
- Going above and beyond their daily job requirements

*Please note: This is not associated with our Outstanding Civil Engineer of the Year Awards.

Please send an email to Michelle McDonald @ mmcdonald@to-engineers.com containing the individual's Name, Discipline, and a brief explanation on why they deserve to be recognized. Recognition will also be posted to social media and on the SIS website.
