- re-mineralizes soil
- improves root systems
- for all soils

MILORGANITE: Deer Deterrent

- all-purpose fertilizer for turf, ornamentals and vegetables
- odor is a deer deterrent for up to 5 weeks
- organic hydrogen; non burning

### COMBINATION:

#### Mulch, Fertilizer & Seed

Wildflower Butterfly & Hummingbird Mix

- All-in-One formula
- Blend of annuals & perennials
- Colorful Blooms
- Just sprinkle, water & GROW

## POND CARE

Stop by and talk to Ben about the new POND2.O Maintenance program

- POND2.O line includes beautiful, natural looking blue and black colorants with suspend technology to suppress weed growth with dyes that stay in suspension longer than many other colorants on the market.
- When the water temperature hits 50° or warmer, algae will grow. We recommend Cutrine Plus (liquid or granular) for algae control.

## Dealing with 'Early Blight'

Here are some tips to prevent or help control.  
Great for organic gardens.

### COPPER FUNGICIDE

Apply every 7 – 10 days from start of planting

<May alternate with>

### REVITALIZE

Apply every 7 – 10 days from start of planting

### MORE TIPS:

- Rotate crops: Early Blight remains active for a year. Spores can be dormant in the soil for seven years.
- Give tomatoes extra space to allow air to move among leaves to keep them dry.
- Water the soil, not the plant, to prevent splashing. Avoid overhead watering.
- Mulch with black plastic or landscape fabric to help keep soil from splashing on leaves.

## BLACK and BROWN MULCH

Mulch is here and ready for pick up.  
Delivery available.

Price: **\$27.00 a scoop (3/4 yard)**

Check out our special 'contractor' pricing this year.  
Stop in or call 937-473-2808 for details.
