

FREMONT COUNTY GRASSHOPPER MANAGEMENT MEETING

SNACKS AND COFFEE PROVIDED BY:
FCWP DISTRICT

We will be offering a morning and afternoon session

Did you have grasshoppers last summer? FCWP wants to help you manage them!

Please make plans to join us at the **Lander Inn on March 13th!** The Fremont County Weed and Pest District anticipates an increase in grasshopper densities in 2019.

Ag producers, land managers, and small acreage owners are encouraged to attend.

There will be speakers from the; U.W. Extension Service, Fremont County Weed and Pest, USDA-APHIS.

Planning maps will be on-site and FCWP grasshopper programs will be discussed

Monitoring for early hatching sites is imperative !

The Fremont County Weed and Pest District needs your help looking for grasshopper activity this spring
