OVER

I give permission for my student _____ to participate in the 2016-17 Eureka Drama Club production.

I also agree to allow them to be photographed and/or recorded for publicity/archival purposes.

I understand that I must provide on time transportation for my student and call Kelleen Nitsch on her cell phone if I have an emergency which will cause me to be late.

I understand that with rehearsals only being once or twice a week to allow students to participate in other school activities that attendance is VERY IMPORTANT and practice time for my student during the week crucial. I will help remind my student to spend time practicing songs, dances, and lines outside of rehearsal.

I understand that participation in the drama program is meant to be a positive experience for all students. Therefore, students and parents are expected to be positive, supportive, and behave in a manner that best represents Eureka Middle School at all times. Students who do not may be removed from the program.

I understand that winter weather may prevent scheduled rehearsals from happening and I need to be open to rehearsals being rescheduled to another time so the final performance does not suffer.

I understand that I may be asked to provide certain costume pieces for my student such as tights and shoes.

I understand that there is a participation fee of \$40 per student for the Eureka Drama Club for the 2016-17 school year. Checks may be made out to Eureka Middle School. If you are unable to afford this fee please check below, as a few scholarships are available.

_____ Please consider my student for a scholarship-thank you.
