

Brake Booster/ Master Cylinder Challenge (ALL CLASSES)

Due of 4/24/20

One of the assignments you will complete this week is to take a picture with a brake booster/ master cylinder. These two items are attached to each other and are often located on the driver's side firewall. Please research the parts and take a picture with these parts. You may take a selfie with it or just point to it (do not remove these from the vehicle). Please send it to [jtarbet@amphi.com](mailto:jtarbet@amphi.com) for credit (20 points).
