

Illustrator Sports Logo Project

Try watching this video on www.youtube.com

1. Watch the video above or in-class instructions about setting up a logo tracing.
2. Create a new letter sized, RGB, landscape document.
3. Paste in a logo from SportsLogos.net (Links to an external site.)
Links to an external site.
4. Follow the directions carefully from the video.
5. Draw in COMPLETE and CLOSED shapes.
6. Export your image as a jpg and upload here when completed.

You will turn in your Sports Logo as a separate document here. The Sports Logo is worth 100 points. You will be deducted one point from 100 for each wonky or wobbly line, misplaced point, inaccurate strokes, etc.
