

Your Global Freight Forwarding Gateway
to the Levant Countries

OVERVIEW

The Company

Logistics by Logisticians

With the conviction that logistics should only be run by logistics professionals, Logistics Yard has been established by logistics veterans with more than 35 years of experience.

Global Freight Forwarding Network

We have partnered with a freight forwarding network, established a century ago, offering worldwide services thanks to its 4000 employees and 280 branches and strategical partners.

Your Freight Forwarding Gateway to the Levant Countries

Logistics Yard has paved the way to embrace the existing freight forwarding services in the Levant region in addition to the services associated with the new Oil & Gas discoveries and Reconstruction developments forecasted in the region.
