After the Storm

The Town will be handling Storm debris pick-up

- Limbs can be up to 6 feet long.
- All loose yard waste (grass clippings, pine straw, vines, pine cones and leaves) should continue to be put in bags to be picked up on regular schedule. Do not use wheelbarrows, tarps, or the city-provided trash cart or recycling cart.
- Please do not mix non-organic items (roofing tiles, scrap lumber, rocks, etc.) with your yard waste.
- Yard waste should not be placed in the street and should not block

water meters, fire hydrants, storm drains or obstruct the view of motorists.

Things the Town of Parkton will NOT pick up under any circumstances:

Household Furniture

Household Appliances

Lawn Furniture

Mattresses

Large Toys

Bicycles

Scrap Metal

TEAM WORK

Big thanks to our Public Works team:

Tim Little, Cody McNeill and Roy Lowder for going above and beyond the call of duty.

Many hours went into keeping the lift station and wastewater plant up and running so Parkton would have water and sewer services.

Beyond the call is finding a case of bottled water on your porch when you have no power to boil the water.

THE TOWN APPRECIATES THE PATIENCE AND COOPERATION OF RESIDENTS AS STORM CLEAN-UP CONTINUES

HOW TO DISPOSE OF USED GREASE

DO NOT PUT GREASE DOWN THE DRAIN

1. Allow the oil to cool completely before disposing
2. Decide whether the oil needs to be discarded. Oil

used for deep-frying can usually be reused several times. Strain it into a clean sealable container.

3. To throw it away, carefully pour it into a strong sealable container, such as an old plastic jar with a lid. Many households save jars for this purpose. Plastic jars are better than breakable glass ones.

4. If the amount of oil is small, place the filled, sealed jar in the trash.

5. Take large amounts of cooking oil to the local landfill.

6. Alternatively, recycle large amounts of used cooking oil with the help of a cooperative local restaurant. Most restaurants have used grease bins, whose contents are recycled into consumer products. Ask if you can add your used oil to their grease bin.

PLANNING A
YARD SALE

PERMIT IS REQUIRED

PICK UP AT TOWN HALL

TOWN BOARD MEETING

FIRST TUESDAY OF EACH MONTH 7:00PM

TOWN HALL CONFERENCE ROOM

*Town Hall hours of operation Monday – Friday
8:00 am – 12:00pm closed for lunch 1:00pm – 5:00pm
Phone 910-858-3360*
