DESCRIPTION: In 1973 Ben Pearson hired famed master bowyer George Birnie to redesign their bow line. George designed the Spoiler to be a fast and accurate short hunting bow. Great looking and performing recurve in excellent condition. Marblewood riser. Bow has no delamination; no cracks; limbs are straight. Beveled arrow shelf. Overlays and tips are in great condition. No drilled holes; No chips, dings or cracks. No stress lines or crazing. A few minor scratches and nicks here and there. Decal is in very good shape. Overall, this is a really nice bow in excellent condition for its age. This bow was put to a stress test (held at full draw for 16 hours to make sure the old glues still held and no stress cracks developed. I also recently field tested this bow, and it is a fast and accurate. If you're looking for a maneuverable hunting bow in a heavier draw weight, this is a great one. Comes with a new rug rest and side plate, and a new string.
