

# Ice...of America. LLC

*'Redefining Cool'*

So, you may ask what is Ice...of America? We are a group of passionate, but slightly irreverent, ice artists that have seen a need in America's cities and towns that are looking for popular, exciting, and interactive events. We want to help. IOA has taken ice carving events to a new level, and will take your event to that level from start to finish with very little effort on your part. That leaves your time free to do what you do best - promote your city and its businesses! Our artists are nationally and internationally recognized and have years of experience in organizing any and all size of ice sculpting events. No matter if you need a few hour event, or an entire four day weekend festival, we can incorporate everything to make your experience memorable and profitable. We will awe everyone with spectacular ice sculptures, incredible sponsor pieces, and fast paced interactive shows that will leave everyone wanting more. We would really like to speak with you to elaborate on how we can make your event a huge success. Contact us today and let us give you all the details, thanks and have an ice day!
