

Agenda Item

File #: 18-196

Topic/Discussion Title:

HepA Update

Description: The Health Department has been addressing a hepatitis A outbreak for the past 12 months. As the outbreak seems to be winding down, the update will include numbers affected, measures taken, and outbreak costs.

Requested Action: Informational

Presenter(s): Gary Edwards, Health Department Director Dr. Dagmar Vitek, Medical Doctor Ilene Risk, Epi Bureau Manager Michelle Vowells, Lead Epidemiologist

Time Needed: 15 min

Time Sensitive: No

Specific Time(s): NA

Requesting Staff Member: Karen Crompton

Please attach the supporting documentation you plan to provide for the packets. Agenda items must be approved by Wednesday at 11:00 am. While not ideal, if PowerPoint presentations are not yet ready, you can submit them by 10 am the Friday morning prior to the COW meeting. Items without documentation may be withheld from consideration for that COW meeting.

Hepatitis A Virus (HAV) Outbreak 2018
