

Inclusive Ideas

Dragon Anywhere

Easily dictate documents of any length, edit, format, and share them directly from your iPhone or iPad — whether visiting clients, a job site, or your local coffee shop. All hands-free. Fast dictation and high recognition accuracy that continually improves as it adapts to your voice.

Robust voice formatting and editing options, including the ability to select words and sentences for editing or deletion.

Support for Auto-texts (frequently used text passages) such as client or work order descriptions.
