Virtually half of the country is waking up to realize that departments in their own Federal Government are unscrupulous and view citizens as targets if their viewpoints don't match those of the Biden Administration. All Americans and certainly Republicans need to be assured that the government will enforce the law independently and fairly.

The 2024 upcoming election is important because it lays the groundwork for the taking back of the Senate and establishing a Republican presence even in Blue California. Our country is in the midst of a serious constitutional crisis. We have a President that is making his own laws, usurping the rights of Congress and telling the nation that half of its citizens are domestic terrorists. We have an attorney general that looks the other way when crimes are being committed right under his nose. We have a Senate Leader that ignores James Madison's warnings against an overbearing majority that fails to protect the minority. The constitution is in danger so it is imperative we elect as many Republicans as possible to defend it.

Between now and next March, candidates will begin to put their hats into the ring and then some will drop out of the race due mainly to lack of money. Low poll numbers equal fewer donations and without money, candidates cannot continue for very long unless they are self-funded. Candidates are ultimately responsible for their campaigns, but they can't win by themselves. Have you picked out a special candidate you want to support during the primaries?

If Republicans are serious about fighting for our country and winning, we are going to have to work. If you play by the rules you will always have to work harder than those who don't follow the rules. However, we can do this if we stick together and work as a team. The next few months should be exciting. We have many qualified candidates from which to choose, but we must field candidates that can win, not just ones we are fond of. If we want the Democrats out, we have to get Republicans in. This will require a plan: Did we select candidates that have a chance of beating well-funded Democrats? Have they proved they can raise money? Do they have the temperament and stamina for a long campaign? Have they assembled an effective campaign staff that can produce a winning strategy? All of us must do our best to help these candidates. You cannot convince voters that Republicans have better answers if you don't know the facts. Keep up with the news and speak up. Your weapon in this fight is your voice.

In the United States, Flag Day is celebrated on June 14 to commemorate the adoption of the flag of the United States on June 14, 1777, by the Second Continental Congress.

On April 29th we held our Spring Member Social Garden Party at Charlyn Jansen's home. It was a great team effort with Janice Boone and Barbara Morrison, Laura Crivello and Robben Suhay and of course our hostess, Charlyn Jansen, all working hard to make sure it was a fun and memorable day. I'm pretty sure Steve, Charlyn's husband got a pretty good work out making the yard party ready. We had over 14 members chip in and bring food. It was a luxurious spread of delectable finger foods and a wide variety of beverages. Attendance topped out at 61 attendees and members brought a record setting 21 guests, 3 of whom joined on the spot. We heard from current El Cajon Mayor Bill Wells about his Congressional candidacy for District 51 which will pit him against Sarah Jacobs. Ed Suhay, Robben's husband played lovely guitar music while we socialized in the very comfortable and lovely back yard paradise. Robben entertained guests with fun and enjoyable games and handed out many prizes. Our member social events are designed to be low cost or free to our members and offer an opportunity to make new friends and speak freely among like minded republicans.

The coffee was sponsored by: COMMON GOOD COFFEE ROASTERS, a La Mesa Conservative family owned coffee roasting company. Check out the website where you can get fantastic locally roasted coffee and gifts. Mention you heard about them through RWCNC.

Consider supporting them: <https://www.commongoodcoffee.com/>

Our first Dinner and a Show event will be held this Thursday, June 8 at BJ's restaurant in La Mesa. We **SOLD OUT** our available seats at \$25 each for a deluxe pizza buffet and beverage. We'll be showing the movie MONUMENTAL by Kirk Cameron and enjoying a fun casual social atmosphere. Dinner and a Show events are designed to be low cost evening get togethers for our members and guests. An educational movie, some good eats and warm company is what we are aiming for.

Watch for Member Social and Dinner and a Show events this fall and join the fun!

PROGRAMS — Irene Hancock

Our speaker for our June Meeting is Lisa Kassner

Lisa is a volunteer educator on the Digital Education Team of GlobalWalkout.com
And also a spokesperson for We-For-Humanity.org.

Global Walkout is a peaceful international initiative of organizations, as well as tens of thousands of individuals that everyone can sign up for. GWO encourages people to take one small step at a time to opt out of the globalists efforts to trap and enslave humanity. Robert F Kennedy Jr. of Children's Health Defense and Catherine Austin Fitts, investment banker are two of GWO's notable participants. Aman Jabbi has said that once the door to the planned digital trap is closed, it will be "Game Over for Team Humanity".

Lisa will talk about the elements of the digital trap (cell phones, digital i.d., QR codes, digital currency, biometric data, SMART technology and other surveillance, collection of our personal information, etc. She'll also enlighten us on evidence the globalist ruling elite are moving toward a goal of total control of all people. She will help us become aware of the psychological war to maneuver us to do what we might not consciously choose and most importantly, supply us with some of the many steps we can and must work on taking right now to thwart the digital trap while non-compliance is still an option.

WAYS AND MEANS — Sandy Golden and Liz Hyma

CHAPLAIN—Ginny Wisley

*"You are the light of the world. Let your light shine before people in such a way that they may see your good deeds & glorify your Father in Heaven."
Matthew 5:14-16 paraphrased.*

We survived May gray, now we get June gloom. I feel like I would rather just stay in bed & pull the covers back & be gloomy too! Is that an option though?

Maybe just pour yourself a bowl of sunshine for breakfast. Inject joy into your day & use that to make your attitude go full blown into a barometric high. Be your own 80 degrees, calm breeze, high clouds, lovely waves; for me, my joy is: the greenness of Ireland, the dew on the plants, the deer in National Park, the laughter of the brogue, the craic, the music, the comfort of the tone, the warmth of hugs.

Start your day with sunshine/Sonshine. Remember that YOU are to reflect the light of Christ in the world. Be the positive mojo of the day & that's half of the solution of removing June gloom.
