ASHRAE WV Chapter Presidential Message – Sept 2016

The West Virginia Chapter of ASHRAE is on the precipice of becoming a Premiere Chapter; currently there are only 8 within this top-rated, international society. As the current president of WVASHRAE, I can only hope to continue on the path our previous chapter Presidents Todd Zachwieja, Grant Spencer and Jennings Davis have tirelessly laid forth. I want to give thanks for the opportunity to work with an excellent group of volunteers doing great work for West Virginia. So thank you WV ASHRAE, and thank you West Virginia!

I would like to acknowledge two of our chapter members for their recent accomplishments. Fellow/Life Member Art Hallstrom was awarded the ASHRAE Society Government Advocacy Award and James Lowry was awarded the Region VII 2015–2016 Chapter Program Star Award. Congratulations to you both.

Throughout my presidency, I will also acknowledge the local businesses dedicated to supporting WVASHRAE. Initially, I would like to thank the companies supporting our Chapter Leaders: Allegheny Design Services, Midwest Spec., Pickering Associates, Rigney Digital Systems, Trane, ZDS Design/Consulting Services and ZMM Architects & Engineers. Thank you for allowing them to commit their time and thank you for the financial assistance; your support is very much appreciated.

I look forward to a great year of quality events and pertinent presentations with knowledgeable speakers and great people. I look forward to continuing to strengthen our relationships with WVAIA, WVUSGBC, WVSHE, EEWV and many more.

Please take a moment to check out our website www.wvashrae.org and be on the

lookout for website updates and information on upcoming events.

Lastly, if you are interested in contributing your time to enhancing and securing the future of WVASHRAE, or you would like more information on how WVASHRAE can benefit you, please contact me personally.

Thank you,
Samuel Butzer, PE, LEED AP BD+C
