

Gloucester County has five reported cases of COVID-19.

\*As of today, Borough Council will meet in Council Chambers at 7pm on Monday, 3/23/2020. The meeting will follow a normal agenda, but will essentially addressing only issues that need to be handled at this time. For those who choose to attend, you will be required to have a quick temperature check by a medical professional and to clean your hands with hand sanitizer before entering council chambers. You will also be required to adhere to social distancing practices. The agenda is attached here...no additional topics will be added.

\*County conference calls will continue through the weekend. We will be posting here and on the Borough website at [www.pitman.org](http://www.pitman.org) any new developments. Please check back throughout the weekend for the most current information and directives.

Thank you to those residents who have heeded the request by Federal & State officials and the medical community to avoid direct contact with others and to remain at their homes as much as possible throughout this situation. We appreciate your cooperation in preventing the spread of the virus into our community.

Stay well.

*Michael L. Razze, Jr.*  
**Mayor, Borough of Pitman**  
110 S Broadway  
Pitman, NJ 08071
