

DDA New Schedule Beginning 2024-2025 Season

Years 1-7, Ballet/Lyrical A, and Hip Hop (when offered) will now be an 8 month program, September-April.

Years 8 and up, including Ballet/Lyrical B & C, will continue to be a 9 month program, but will be August-April.

The benefits to these changes are:

- *Easier access to the auditorium for rehearsal and recitals.
- *An earlier recital (last weekend of April) will lighten our schedule in May which gets very busy for most families.
- *An 8 month program for younger students will keep them interested and motivated towards the end. This will also save parents time and money.
- *Starting the more advanced classes in August will give these students time to adjust to dance before school begins, give them some socialization through summer, and exercise to be ready for sports that also begin in mid-August.

For the 2024-2025 season, classes will begin:

Years 8 and up, plus Ballet/Lyrical B & C, the week of August 12, 2024.

Years 1-7, Ballet/Lyrical A, and Hip Hop (when offered), the week of September 9, 2024
