## **HALLOWEEN PARTY!**

All the Lions ghosts and goblins can come by Lion Ron and Leann's home beginning at 5:30 Saturday evening to enjoy good appetisers and drinks.

Later, if you wish, visit the Lions booth at the City Halloween Fest in the Pavilion parking lot. The fest lasts until 10 pm.

Lions Shirley and Richard will have candy for the kids and Lions brochures for their parents..

## **LAST MEETING**

We welcomed guests Lion Joe and Kathy Hauser from the Satellite (Florida) Beach Lions Club. Their club is about the same size as ours and has put on a golf tournament for 27 years. Joe and Lion Bill chatted about that after the meeting today. The club also does pancake breakfasts and a car show to raise money for their charities. They give out food baskets and sponsor two elementary schools, and are involved with the Children Hunger Project.

**GOLF TOURNAMENT:** Lion Bill has the flyers if you want them. Just email him at [Billsr317@aol.com](mailto:Billsr317@aol.com).

**SPEAKER:** Casey Dill, who attended a meeting two weeks ago, spoke about the Palm Springs Power Baseball Organization.

The team has been in Palm Springs for 13 years and is the most successful in the Southern California region.

They also have a Winter League that is an instructional showcase league for current free agent baseball players.

1 Josh and Casey

Their newest program is Power Youth Academy, a travel ball team that is dedicated to grooming young men to become responsible citizens, hard workers, and team players.

The teams, composed of youth aged 10 to 18, practice and play their home games at Palm Springs Stadium and participate in the top tournaments in Southern California. Academy members receive tackle twill uniforms and a full gym membership to EOS Fitness.

Scholarships are available for those who cannot afford the \$220 per month fee. The Organization is looking for donations to sponsor a player.

Casey also talked about the possibility of having a Lions Club day, with all the perks. Your board will discuss how we can help out at our next meeting.

## DID YOU KNOW?

### INTERESTING FACTS ABOUT AIRPLANES:

1. *The reason we depart an aircraft on the port side is that the starboard (right) side is where most of the servicing is*

*done. It is easier and safer to keep the passengers on the opposite side of the airplane from the fuel truck, baggage tugs and carts and catering trucks.*

2. *The reason the windshield wipers on commercial aircraft are not ripped off in flight at over 500 mpg is that the air flow around the windshield is designed to be less than on the other parts of the airplane. Air flows around the nose and over the top of the windshield, causing an "eddy." This eddy is lower pressure at a lower velocity than the air flowing over the nose.*

*Thanks to Lion Gary for these tidbits!*
