

Jazz Family Art in the words of Jeff Clayton:

I am very proud to present this project to you mainly because it's about Family and Friends. Everyone involved here are a part of my maternal family and or my coveted group of devout friends. I cherish them all. Of course you know my family members which include John and Gerald Clayton, but maybe what you didn't know is that MzVal whom I call Cuz Val is my cousin. Her vocal talents on this CD are well documented. Without saying too much her vocal style is warm and inviting. Val is my cousin as is Marlo Henderson, he is playing the guitar. Unfortunately Cousin Marlo passed away after contributing to this project but his spirit is here with us and through this music you will feel it. I feel privileged that I am blessed with a very vibrant and talented family/group of artists and musicians, it's just always been that way.

My Uncle Roy contributed all the photo art and my talented daughter Denise Clayton is responsible for the wonderful paintings that you see on the CD. I would also like to thank my loving wife Theresa. The balance of the musicians that are a part of this musical project have been friends for decades. Our offering is designed to bring you joy art and music. Please sit back and enjoy. We love you dearly.
