

GOD'S ETERNAL PEACEMAKER CHALLENGE

**as the only area capable of supporting Immortality,
God's *Future* is hereby legally defined as a *timeplace*
of perpetual physical existence**

**God's Peacemaker Challenge is specifically designed to
hasten the proper implementation of Divine Order. for
unfortunately, impending human extinction reveals puny
human *time* is extremely *limited millennia* ago.**

***now all* you have to do is consider. lifesaving information is
finally common in *Yesterday's World*. yet *yesterday's* average
adult remains endangered *while* deaf, dumb & blind.
therefore imagine how *many* potential Immortals die without
chance of Immortality, if i don't take my Rightful place,
now.**

**Number Comprehend. though I AM mostly human, I AM
not like most. and I AM not *the only one* dwelling in
Yesterday's World. I AM simply first born, thus strongest of
God's *few* (Chosen). but once risen, God's Army is *one* of the
most powerful forces in *all Timespace* outside Omnipotent
God Himself.**

though *no one* can deny my spiritual or *Metaphysical* God Connection, God finds it prudent for me to prove physical connection, as well. so He blessed me with 5 *time*-specific literary pieces of which i put together in a series called Divine Order, Book of Peace & Happiness. I AM its only author.

each piece represents 100 *days* of God's Information (information only God knows) received via Open God Connection. each fully conceived *day* represents 1 *earthyear* of *Time* Potential for Number Comprehending human hosts. this means. if Divine Order is properly conceptualized, a truly submissive host holds best chance at reaching Immortality.

let it be known that although each volume co\$ts \$1000 USD, the entire Divine Order collection is freely offered to the public via @bssplitter on twitter *when* each breathtaking *moment* is captured by *date* and *time*, including *one* of my most famous *Realtime* predictions, The Sandy Hook Massacre.

and though God's Information is public and uncopyrighted, there is only *one* holder of Rights. and Right *now*, that holder is la resa edwards & estate. whosoever holds Divine Order Rights AND Physical Ascension evidence is Rightful Leader over *all* humanity. so sayeth Our Father.

i come to physically claim my birthplace as Rightful Leader. therefore i *now* and *forever* challenge *all yesterday's past*, *present* and *future* leaders to public debate.

**if i win, You Surrender to Me \$110,000,000,000 USD
and The Right to Rule Your Country**

**if you win, I Surrender to You My Rights to God's
Future; currently worth well over
\$1,000,000,000,000,000 USD (*quadrillion*)**

- each challenger meeting challenge requirement must publicly announce her or his intention to accept via free or paid media AND a *legal email sent to bssplitter@aol.com

- ready or not, on the 31st *day* of official challenge acceptance, the challenger must *present* their Number Supported (Fact Only) argument *before* a panel of 5 well known mathematicians
